Performer: Hyun Ji Son

### **Trumpet Processional**

William P. Rowan

Performer: Colin Chan

### **Mvt. 1, Concerto in A Minor**

Vivaldi/Bach

Performer: Scott Ziegler

### **UPCOMING EVENTS!**

Organ Studio Recital,  
November 17, 7:30PM

## Notes from Demonstration

A **rank** is a row of pipes in one tone color.

A **stop** is the knob or tablet that turns a rank on or off.

8 foot ranks – same as piano pitch  
4 foot ranks – sound one octave higher  
2 foot ranks – sound two octaves higher  
16 foot ranks – sound one octave lower  
32 foot ranks – sound two octaves lower

The Andrew Anderson Memorial Pipe Organ contains 99 ranks and 5,396 pipes!

The organ is both the console and the pipes combined.

The keyboard(s) on the console are called manuals. The manuals on this instrument (from bottom to top) are:

**Positiv,**  
**Great,**  
**Swell,**  
**Choir,** and  
**Bombarde.**

The larger the pipe, the lower the sound; the smaller the pipe, the higher the sound.

**Mechanical action** makes use of long rods, called trackers, which are connected from the key to the valve under the pipe.

In **electrical action**, the pressure of the key activates a circuit to an electro-magnet which opens the pipe valve.

There are five families of sounds distinct to the pipe organ: **Principals, Flutes, Mixtures/Mutations, Strings, and Reeds.**

The **zimbelstern** produces a continuous ‘tinkling’ sound when activated.

Organists wear special shoes to facilitate playing on the pedal board.
