Course Description  
This course introduces the student in basic-to-intermediate level, mentored practice in the arts in healthcare. During the course, the student engages in the practice of arts in medicine in a clinical or hospital environment with emphasis on a primary artistic discipline. The course is designed to help the student deepen understanding of the practice through documentation, self-assessment, and a reflective essay.

Objectives  
1. To provide mentored experience in the use of one or more art forms to enhance health as a complement to conventional healthcare.  
2. To gain understanding of the shared creative process in such work.

Course format and content  
The course uses an individual contractual format for specific clinical and academic requirements. The general scope and content is as follows:

- Complete Volunteer Services procedures as necessary.
- Clinical Hours: Complete a minimum of 72 clinical hours mentored by an assigned artist in residence.
  - Note: Most of your hours should be spent in actual contact with patients. Some of your hours may involve setting up, cleaning up, and organizing projects with your artist mentor. However, please make sure that your patient contact hours make up at least 74 hours.
- Clinical Log: Submit a time sheet of your clinical hours every other week. Have your Artist in Residence/Clinical Supervisor sign it at the end of the semester signed.
- Journaling: Submit a minimum of 2 pages per week (4 pages every other week) detailing your practicum experience.
- Discussions: Participate in three in-person discussions.
- Artist/Supervisor Evaluations: You will be responsible for submitting midterm and final evaluations of your clinical work to the instructor from your Clinical Supervisor/Artist in Residence.
- Initial, Mid-semester, and final instructor check-in: Attend three in-person meetings with the instructor.
• Completion of two 500 word reflective essays

**Procedures**

1. Develop specific contract with instructor to include: clinical activities, due dates and meetings with mentor. The specific nature of the work must be approved by the instructor and the healthcare or community program and should include provisions for monitoring quantity and quality of the clinical work.

2. Complete Volunteer Services procedures of the Healthcare facility as necessary (e.g.; orientation, PPD screening, immunization records, interview). Summary of UF Health procedures available from UF Health Volunteer Services Office (265.0360).

3. Contact the Arts in Medicine Volunteer Coordinator (UF Health #: 733.0880) to set up your clinical schedule and purchase your uniform if necessary.

4. Maintain terms of your contract

5. Submit all required documents, assignments, and a print-out of your clinical hours to your supervisor on contracted due dates.

Policies

Assignments: All assignments should be submitted via Canvas unless other arrangements have been made with the instructor.

- Late Assignment Policy: Assignments will be accepted no later than one week after the due date. Points will be deducted from late assignments at a rate of 5% a day. The instructor will not accept work submitted later than one week following the deadline except in extenuating circumstances and with prior approval by the instructor.

Attire: Follow the dress code requirements for UF Health Shands Hospital and UF Health Shands Arts in Medicine. At UF Health, you will need to purchase an AIM apron for $10. This fee must be paid before you will be allowed to begin your clinical work! You must also wear your name tag that you will receive from Volunteer Services.

Clinical hours: Only officially recorded hours will be credited. Use the approved manner of recording hours of the institution. Keep a log of your work with signature verification by the artist in charge. If you cannot work with patients due to illness, you must make up the time later. Use procedures appropriate to the institution. At UF Health, contact the AIM Volunteer Coordinator or arrange other experiences with the instructor.

Confidentiality: It is extremely important for you to adhere to the hospital’s code of patient confidentiality. In discussing, or writing about your clinical experiences, you must avoid using patient names or identifying information. This is a federal law and is seriously enforced by the hospital.

Consent: If your work involves making any patient information, photographs, videotape, or artwork of any kind public in any way, you must gain official written patient (or parent/guardian) consent. A parent must give consent for a child under 18. Foster parent consent is not valid for legal purposes. At UF Health, consent forms are available in the AIM Administrative office. You must have an AIM Artist in Residence help you administer the consent form.

Immunizations/Immunity: For your protection, the hospital requires that all volunteers have received standard immunizations, including chicken pox (which may not have been available when you were a child) and influenza. THE HOSPITAL WILL MAKE NO EXCEPTIONS TO THIS POLICY. If you have not had a specific vaccine but believe that you are immune through experiencing the disease (e.g., measles, chicken pox), you may be tested for immunity. If you anticipate or encounter any issues concerning immunizations and immunity, please contact the instructor immediately.

Hospital policies: You must comply with all hospital policies as delineated in the orientation and with all posted precautions (e.g., hand washing, protective gowns, mask, etc.). If you have any questions regarding specific precautions posted on a patient’s door, ask the nurse for information or assistance.
**Academic Honesty:** The university’s policies regarding academic honesty, the honor code, and student conduct related to the honor code will be strictly enforced. Full information regarding these policies is available at the following links:
