

Attendance

Absences:

Due to the laboratory style and cumulative nature of the knowledge and skill acquired in this class, attendance is mandatory. Each class period will involve the demonstration of a technique and then completion of a project pertaining to that technique, which means that each class missed is an entire technique that has been missed. Therefore, each student will be allowed 1 unexcused absence. **Each absence beyond 1 will result in the lowering of the student's attendance grade by 5 points.** An absence may be excused if appropriate documentation of an illness or extenuating circumstance is provided. Students are responsible for making up any missed information or projects that were covered during each absence. Arrangements must be made with the instructor(s) for the making up of missed projects. Attendance at another section or arrangement of a session to make up missed material or a missed project does not negate an absence or possible points lost for exceeding one absence. It offers the opportunity to learn the material missed by the absence and to participate in the projects which accrue points toward the final grade. **If you do not attend the class in which you are enrolled, it is an absence.**

Tardiness:

All classes start at the specified time. Students are expected to be ready for instruction or class work at the beginning of each class period. This means having your supplies with you and your face prepared to apply makeup. **Each late arrival will result in a ½ point reduction of the attendance portion of the student's grade.**

Grading

The course is designed to allow the student to gain skill in theatrical makeup through both preparation of a makeup design and hands-on application. Grading of individual projects is based on research, preparation of facial sketches and realization of each makeup design. Students will be graded on individual projects, class attendance/ participation and the preparation of a makeup file.
