Course Description

This online course explores research and evaluation in arts in medicine. Quantitative, qualitative, and mixed methods will be discussed, with an emphasis on arts informed approaches for use in the healthcare settings, be it the hospital or in the community. Through video lectures, readings, writing assignment and weekly online discussion, students will learn the basics of developing a research proposal and evaluation plan.

Purpose of Course

The purpose of this course is to provide basic knowledge in evaluation and research with an emphasis on arts informed approaches to enable the student to effectively evaluate programs and to contribute to the growing body of knowledge in the field Arts in Medicine.

Course Goals

- To prepare students to effectively evaluate arts programming
- To develop students' understanding of the research process

Course Learning Objectives

- Distinguish between evaluation and research.
- Demonstrate understanding of the program evaluation process.
- Compare and contrast quantitative and qualitative methods.
- Discuss the use of arts informed methods/approaches in arts in medicine research and evaluation.
- Determine the critical components of a research proposal.

Required Text

Creswell, J. (2014). *Research design: Qualitative, quantitative, and mixed methods approaches.* Thousand Oaks, CA: Sage.

Additional Resources

Additional readings and online resources are posted in Course Materials on the course website and listed in the Course Outline table below.

Optional: Knowles, J., & Cole, A. (2008). *Handbook of the arts in qualitative research.* Thousand Oaks, CA: Sage.

Dates for Ongoing Assignments

Discussion Board Posts: Posts are due on Mondays by 11:59PM Eastern Time

Critical Dates for Major Assignments

Module 1: Introduction to Research and Evaluation

- 1. Interview with Evaluator Report (500 words)—Due Friday, July 23, 2016 at 11:59 PM EST
- 2. Logic Model (Model plus 1–2 page narrative)—Due Monday, July 11, 2016 at 11:59 PM EST
- 3. Survey (Five question survey)—Due Monday, July 18, 2016 at 11:59 PM EST
- 4. Topic of Interest Interview Report (750 words)—Due Monday, August 8, 2016 at 11:59 PM EST
- 5. Observation Report (500 words)—Due Monday, July 25, 2016 at 11:59 PM EST
- 6. Evaluation Plan (750 words minimum)—Due Friday, August 19, 2016 at 11:59 PM EST
- 7. Topical Outline for Research Proposal—Due Monday, August 15, 2016 at 11:59 PM EST

Assignments (# assignments: Please refer to the Assignment Guide in Canvas for assignment details and guidelines.) <u>Total Points: 229</u>

- 1. Syllabus Quiz. (1 point). Students will complete a short quiz about the syllabus.
- 2. **Autobiographical essay.** (1 point). Students will write an autobiographical essay (150–250 words) introducing themselves and post to the discussion board.
- 3. **Interview with an evaluator.** (12 points). Students will interview an individual who is professionally involved in conducting some form of evaluative activity, analyze and discuss results, and present in a 350-word written summary.
- 4. **Discussion Board.** (7 posts, 12 points each). Students will substantively participate in seven online discussions (one week in duration each) using the Discussion Board on the course website. A topic or discussion question, often relating directly to required reading, will be posted and each student will post an initial response in essay form and also respond to other posts.
- 5. **Logic model.** (21 points). Students will develop a logic model of a familiar or a desired program accompanied by a brief (1–2 page) narrative.

- 6. **Literature Review Article List.** (5 points). Students will conduct a search and list 10 articles on a topic they would like to explore.
- 7. **Survey.** (12 points). Students will develop a five-question survey for use in evaluating an arts program.
- 8. **Physiological Measures Essay.** (5 points). Students will write a 250-word essay about a physiological measure for possible use in an arts-in-medicine evaluation or research project.
- 9. **Topic of Interest Interview Report.** (18 points). Students will conduct interviews and write a 750-word report.
- 10. **Observation Report.** (15 points). Students will write a 500-word report discussing findings of a 30-minute observation.
- 11. **Arts-genre Reflective Essay.** (5 points). Students will write a 300-word essay reflecting on a research project that uses an art form as a research method.
- 12. **Evaluation Plan.** (30 points). Students will develop an evaluation plan of at least 750 words
- 13. **Topical Outline for Research Proposal.** (15 points). Students will develop a topical outline of about 250 words for an arts-based research proposal.
- 14. NIH Extramural Training. (5 points). Students will complete NIH's online training.

Disclaimer

This syllabus represents my current plans and objectives. As we go through the semester, those plans may need to change to enhance the class learning opportunity. Such changes, communicated clearly, are not unusual and should be expected.

Teaching Philosophy

This is a graduate level course with the following assumptions:

- Each student brings a wealth of experience and knowledge that should be and can be tapped into during classroom and small group discussions.
- Adults learn best through actively participating in their own education.
- Students best clarify their ideas and understanding of concepts and issues through discussion and writing.
- The design takes into consideration the differences in learning styles and interests of students to ensure the best learning experience for everyone.
- Students learn best from close and prompt feedback on classroom comments and on written work.

Course Procedures and Policies

Naming Your Documents

When naming your assignment document, it will be helpful if you name them by the title of the assignment, i.e. IndResPres_yourlastnamefirstinitial, for me this would be IndResPres_Rollinsj.

If you abbreviate in this manner, it makes finding the assignment and accounting for it an easy and efficient task.

Formatting Documents

All work submitted include discussion board posts and major assignments must use APA formatting. We recommend that you use the online APA Style Guide at the Purdue Online Writing Lab (OWL). http://owl.english.purdue.edu/owl/section/2/10/

Please use APA formatting for document formatting, in text citations, and reference lists. Be sure to properly cite all sources that you quote or paraphrase.

Completing and Submitting an Assignment

Assignments will be completed and submitted online. To work on an assignment:

- 1. Open the appropriate site.
- 2. In the menubar, click Assignments.
- 3. Click the name of the assignment to open it.
- 4. To work on the assignment, follow the instructions from your instructor or project leader. You may need to type within the text box, or add an attachment, or both.
- 5. To add an attachment, click **Browse** to find and select the file on your computer (maximum 5 attachments by this method), or click **or select files from workspace or site**; see Options for adding attachments.
- 6. To see how your assignment will look to your instructor or project leader, click **Preview**.
- 7. To save your assignment to complete later, click **Save Draft** at the bottom of the screen. When you want to reopen it, you'll find it listed in the assignment list with a status of "In progress." **Note:** While your assignment is saved as a draft, your instructor cannot see it. For your instructor to see it, you must submit the assignment.
- 8. When you have finished, click **Submit** at the bottom of the screen. **Note:** Don't click **Submit** until you're certain you're finished with an assignment. Once you click **Submit**, you'll no longer be able to access the assignment (e.g., to add more text or attachments) unless your instructor returns it to you.

You will receive an email message confirming your submission. If you do not receive a confirmation, check to see if you've successfully submitted the assignment.

Late Assignment Submission Policy

Major assignments will be accepted no later than six days after the due date. Points will be reduced from late assignments at a rate of 5% per day. This policy does not apply to Discussion Board. Late work will not be accepted on the Discussion Board without communication prior to the due date. Instructors will not accept work submitted later than six days following the deadline except in extenuating circumstances and with prior approval by the instructor.

Class Participation/Demeanor Policy

Participation in all aspects of this course is essential to your success. Every reading, assignment, and interaction within the course is integral to your learning, and full participation is required. It is expected that you will log on to the course website and contribute to discussions forums at least three times per week.

Communication

It is the student's responsibility to communicate with the instructor promptly concerning any circumstances that might effect his or her participation in the course. Please do not let any questions or concerns you have go unattended. It is the instructor's intention to respond to all email communication within 48 hours, excluding weekends.

Written communication and electronic interaction are central to online learning. All members of the class are expected to follow rules of common courtesy in all email messages, threaded discussions and chats. Please see Netiquette Guide: http://teach.ufl.edu/docs/NetiquetteGuideforOnlineCourses.pdf

Students with Disabilities

Students requesting accommodation must first register with the Dean of Students Office at http://www.dso.ufl.edu/drc/. The Dean of Students Office will provide documentation to the student who must then provide this documentation to the Instructor when requesting accommodation. This documentation must be submitted prior to submitting assignments or taking the quizzes or exams. Accommodations are not retroactive, therefore, students should contact the office as soon as possible in the term for which they are seeking accommodations.

Academic Honesty

All students sign the following statement upon registration at the University of Florida: "I understand that the University of Florida expects its students to be honest in all their academic work. I agree to adhere to this commitment to academic honesty and understand that my failure to comply with this commitment may result in disciplinary action up to and including expulsion from the University." As instructor for this course, I fully support the intent of the above statement and will not tolerate academic dishonesty. The university's policies regarding academic honesty, the honor code, and student conduct related to the honor code will be strictly enforced. Full information regarding these policies is available at the following link: https://catalog.ufl.edu/ugrad/current/advising/info/student-honor-code.aspx.
