Required Text/Course Materials

Textile Fabric Consultants Inc. Basic Textiles Swatch Kit

Course Description

The course is designed to improve students' cutting and sewing skills through both lecture/demonstration and hands- on participation. Students will complete projects both in- class and outside of class time to acquire more advanced costume construction skills and to demonstrate their mastery of those skills.

Course Objectives

- The student will learn to identify fabric.
- The student will learn to prepare a pattern.
- The student will learn the proper methods for cutting fabric.
- The student will learn sewing techniques appropriate for a variety of fabrics.
- The student will learn how to fit a mockup and translate alterations to the pattern/garment.
- The student will learn construction and finishing techniques.
- The student will apply the techniques learned in class to realize projects and finished garments.

Attendance

Absences :

Due to the laboratory style and cumulative nature of the knowledge and skill acquired in this class, attendance is mandatory. Students will be graded on individual projects as well as class participation. An absence may be excused if appropriate documentation of an illness or extenuating circumstance is provided. Students are responsible for making up any missed information or in- class projects that were covered during each absence. Arrangements must be made with the instructor for the making up of missed in-class projects and are subject to availability of the costume studio based upon the needs of other courses and the production schedule.

Tardiness:

All classes start at the specified time. Students are expected to be ready for instruction or class work at the beginning of each class period. Each late arrival will result in a ½ point reduction of the attendance portion of the student's grade.

Due Dates

Projects are due as stated on the course schedule and should be ready at the start of class. Critique and discussion of projects will occur within class time for that day. Failure to have a project ready reduces the effectiveness of the student's class participation and demonstrates the student's inability to meet deadlines. If a student foresees being unable to have a project ready, please contact me and a possible extension can be considered. As deadlines are extremely important in a professional setting and we are striving to prepare you to be working professionals, the need for extensions should be avoided.

Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies that can be found at:

<https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>.

Grading

The course is designed to allow the student to gain costume construction skills and knowledge that are useful as a designer and technologist. The ability to understand and execute the construction of garments is highly advantageous. To do so within a scheduled time frame is crucial. Therefore, grading is based on attendance and class participation, as well as the accuracy and timeliness of individual projects.

Attendance and Class participation	10 pts
Swatch Kit Labs (3 @ 3 pts each)	9 pts
Swatch Kit Exam	16 pts

Honesty Policy

UF students are bound by The Honor Pledge which states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Honor Code (<http://www.dso.ufl.edu/sccr/process/student-conduct-honor-code/>) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

Special Needs

Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, www.dso.ufl.edu/drc/) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

Counseling and Mental Health

Please be aware that there are people on campus to assist you if you feel that the pressures of a semester are too great for you to handle.

Course Evaluations

Students are expected to provide feedback on the quality of instruction in this course by completing online evaluations at <https://evaluations.ufl.edu>. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students at <https://evaluations.ufl.edu/results/>.

The accompanying schedule is subject to change at the instructor's discretion.
