COURSE DESCRIPTION
Perceptual Drawing introduces the fine arts major to the visual language of drawing through observation and rendering a realistic image. The course develops insights in the mechanisms of visual perception, how the individual components of the drawing relate to the whole, and compositional organization. Each student develops observational skills rooted in traditional drawing media. In addition, students strive to develop critical thinking and research skills.

Drawing is hard work. It takes time, practice, thought, and more time and practice. Drawing is a process, a journey, and at times an expedition. This course is designed to foster an awareness of drawing as a basic organizer of thought, feelings, and image making. The fundamentals of drawing will be explored through a variety of materials, processes, and traditions with the primary emphasis on working from observation. This class will develop the students understanding of both the physical as well as conceptual construction of a drawing. In addition to topical lectures, class time will be spent working on assigned problems exploring new techniques, working collaboratively and critically evaluating thinking that will identify why choices are being made and what premises underlie those choices. The student is asked for courage and persistence throughout this course in addition to a full commitment to grow, technically, and intellectually.

OBJECTIVES
● To demonstrate the ability to accurately render what the student sees through a series of techniques (listed below) of increasing complexity.
● To demonstrate discipline, visual sensitivity, patience, eye-hand coordination, work ethic, and a solid vocabulary to build future course work.
● To develop critical thinking and research skills
● To develop the ability to think and talk about your work and ideas

10% Sketchbook (10%)

Inventiveness and Experimentation
Develop your ability to solve problem and devise new approaches for achieving, not only the course objectives but personal goals you set for yourself. New and unusual approaches often lead to discovery in your work, so demonstrate your willingness to move beyond basic requirements and boundaries- TAKE RISKS.

Craftsmanship and Work Ethic
It takes time to make art to explore the creative handling of techniques and materials and finish in the overall form. Start Early and work through each class to its end. Complete your work- this includes all facets of the assignment. Each student has a personal approach, aesthetic and level of technical experience. Use what you know while also challenging yourself.

10% Participation
Participation, support, and respect in all phases of this course are imperative. The class dynamic depends on your energy, initiative, attitude, productivity, and willingness to get involved in group discussion and critiques. Attend and participate in a responsive manner in every class and during critiques. You are expected to clean up as well as practice safe and thoughtful use of materials, tools and facilities.

Prepare questions, solicit responses, and encourage constructive criticism during discussions and critiques. Consider comments (write in your notebook during discussions!) to gauge the effectiveness of your work. Examine the way in which your ideas change, evolve, and influence formal and conceptual choices in your work. Your development as an artist hinges on your ability to make effective choices and express ideas clearly.

You must speak with your instructor within one week of receiving a grade in order to dispute an assignment grade. You may speak to your instructor at any point within the semester to discuss your participation grade. All assignments may be re-worked and resubmitted for grading provided they were originally turned in on time. Re-worked assignments must be resubmitted within two weeks of the original grade. Assignments may only be re-worked one time. Re-working an assignment does not guarantee a higher grade.

Attendance Policy

✓ Attendance is mandatory. Each student is allowed two excused absences.
✓ Late arrivals will be marked tardy, leaving early will also be noted, ½-letter grade will be deducted from the final grade for each unexcused absence after two.
✓ It is your responsibility to see that the record is corrected from an absence to a tardy if you are late.
✓ Four unexcused absences will result in a 50% (5pts) reduction to participation grade. Five unexcused absences will result in 100% (10pts) reduction to participation grade. Six unexcused absences will result in failure of the course.
✓ Announced changes to the course calendar, demonstrations, or general classroom critiques demand your presence; compensatory work of another kind cannot be accepted in lieu of missed instruction in this area.
A missed class does not constitute an extension of an assignment. Missing critique makes the assignment which was under critique grade be reviewed for 50% of its original grade. Lateness will be calculated first, then 50% less. Attending class unprepared for a discussion, critique, workday, or presentation will be considered an absence. Any three late arrivals or early self-dismissals will count as one absence. You are late if you arrive to class after your name has been called when role is taken.

Late Work policy
✓ Assignments are due when indicated by the instructor.
✓ Late assignment will drop 1 letter grade per class period late.
✓ An assignment more than 3 days late will receive an F.
✓ Any assignment not completed by the end of the semester will result in course failure.

Grade Explanations
A = Superlative work: Careful attention to craft and presentation. Intent and execution of the piece work together in significant and original way. Goes beyond merely solving the problem- one who performs at this level is visibly outstanding. Outstanding in every respect.

B = Above average: Solution to the problem and idea well planned. Execution is well done and goes beyond merely solving the problem. This is an honorable grade.

C = You have solved the problem: The requirements of the problem are met in a relatively routine way. Solid average work.

D = Inadequate work: The requirements of the problem are not addressed. The piece represents careless and/or incomplete effort. Some criteria met, work substandard.

E = Unacceptable work and effort

A "C" represents satisfactory work, regular attendance, and successful accomplishment of the course. (Note: A grade of C- or below will not count toward major requirements)
