STUDENT PROGRESSION IN BALLET DANCE TECHNIQUE:

This information addresses the standards utilized by the dance area for assessing student progression through three levels of ballet: Basic, Intermediate, Advanced. The program's approach to ballet is in context to the UF BFA degree program, relying on traditional training standards along with the awareness of the stylistic and technical diversity of the UF dance program. Using the objectives stated in this syllabus, the dance program assesses student progress through three levels of ballet dance technique: basic, intermediate, and advanced. You are graded and considered for the next level according to your

achievement of the criteria as determined by your instructor. Due to the nature of both traditional balletic training and balletic levels in the UF program, receiving the final grade of “A” does not insure progression to the next level.

Course Objectives for Ballet Technique

SoTD’s ballet technique curriculum is designed to focus the intellectual and physical abilities of students—majors, minors, and non-majors—to embrace the demands of the 21st century artist. Each of the three levels builds the required historical, aesthetic, and biomechanical foundations for graduating as a major in our dance degree programs. Likewise, the minor or non-major must recognize the classes as a pre-professional training ground by meeting the objectives at the appropriate level. When every student brings into every class their discipline and motivation, they will be ready to meet and greet the following goals common to each respective level of technique:

BASIC BALLET COURSE OBJECTIVES*:

- To instruct you in classical ballet vocabulary, technique, and related history appropriate to the level of the course.
- To establish a consistency of ‘daily’ studio practice and towards using ballet class progression to build a ‘permanent’ foundation for building your technique.
- To approach all training, practice and performance from an anatomically correct and ‘core connected’ standpoint, especially in the application of rotation (both parallel and outward) using the following evaluative guides:
 - PLACEMENT AND ALIGNMENT
 - CORE SUPPORT AND CONDITIONING
 - APPLICATION OF ROTATION - STATIONARY AND LOCOMOTOR
 - SPATIAL AWARENESS AND FULL BODY INTEGRATION
 - RHYTHMIC CLARITY/MUSICALITY
 - PROFESSIONALISM
- Initiate the process of connecting theory and technique to a basic level performance aptitude.
- Enhance aesthetic and practical appreciation of the work behind this exacting and exciting art form.
- Develop an appreciation of the theory, criticism and aesthetic behind this exacting yet exciting art form.

INTERMEDIATE BALLET COURSE OBJECTIVES:

- To instruct you in classical ballet vocabulary, technique, and related history appropriate to the level of the course and developing greater fluency in classical dance technique and performance skills at the intermediate level.
- The advancement of terminology with its application to barre, centre and to performance will be emphasized and tested during the progression of the semester.
- To approach all training, practice and performance from an anatomically correct and ‘core connected’ standpoint using the following evaluative guides:
 - PLACEMENT AND ALIGNMENT
 - CORE SUPPORT AND CONDITIONING
 - APPLICATION OF ROTATION - STATIONARY AND LOCOMOTOR
 - SPATIAL AWARENESS AND FULL BODY INTEGRATION
 - RHYTHMIC CLARITY/MUSICALITY
 - PROFESSIONALISM
- Create an environment to test and improve the student’s physical aptitude in ballet technique.
- Enhance the appreciation of the theory, criticism and aesthetic behind this exacting yet exciting art form.

ADVANCED BALLET COURSE OBJECTIVES:

- To test the understanding of ballet theory and technique through a more rigorous standard of execution.
- To develop greater fluency in classical dance technique as related to performance skills and as assessed through the following criteria:
 - PLACEMENT AND ALIGNMENT
 - CORE SUPPORT AND CONDITIONING
 - APPLICATION OF ROTATION - STATIONARY AND LOCOMOTOR
 - SPATIAL AWARENESS AND FULL BODY INTEGRATION
 - RHYTHMIC CLARITY/MUSICALITY
 - PROFESSIONALISM
- Demonstrate musical and spatial skills suitable to the technique and style of ballet as taught by instructor
- Demonstration that the student is capable of performing at a higher and more professional level
- To expand the dancer's expressive and qualitative range of movement and performance.
- To empower the person/dancer/thinker/artist in each student.

* Due to the nature of the UF ballet training program, the student entering Basic level should have already established certain a level of proficiency as determined by audition for entry into the BFA program. Level for non-majors can be determined by placement classes.

COURSE POLICIES:

SOTD DANCE ATTENDANCE:

Dance Technique Class Attendance Guide:

- Mindful participation in each class meeting is the only way to meet the objectives of this course.
- Attendance, which is mandatory, means that when you enter the classroom, you are present, alert, and contributing to the progress of the class every second.
- If you are not present when attendance is taken or class begins you are marked absent.
- In the case of extended health issues, refer to the Injury and Illness Policy in the SoTD 2016-17 Handbook (SoTD website) and included in this syllabus.

Dance Technique Class Absence Policy

- Five (5) or more absences (excused or unexcused) result in automatic failure.
- All undocumented absences are unexcused: each unexcused absence = 5 point deduction. Excused absences may include those related to illness/injury which are documented by a medical professional. Events related to family emergencies or professional obligations should be discussed with your instructor. (See *Make-up Policy* for more information on excused absences.)
- For your safety and the focus of the class, you may not join class if it has already started. You are late and counted absent; with instructor permission, you may observe.
- If you should leave class early, 3 points are deducted from your grade.
- If unable to dance but still attend, with instructor permission, you may 'actively' observe for full class credit, onetime. You will complete an assignment as assigned by the instructor due at the end of class.
- UF approved religious days are excused and do not need to be made-up. (Travel time not included.) You are responsible for material covered during your absence.
- A MEDICAL WITHDRAWAL will not be supported without approved documentation. An Incomplete is only considered by UF Dance in extreme cases and is not available in technique classes.

UF Absence Policy

Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies, as follows:

Source: <https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>

- Students are responsible for satisfying all academic objectives as defined by the instructor. Absences count from the first class meeting.
- In general, acceptable reasons for absence from or failure to participate in class include illness, serious family emergencies, special curricular requirements (e.g., judging trips, field trips, professional conferences), military obligation, severe weather conditions, religious holidays and participation in official university activities such as music performances, athletic competition or debate. Absences from class for court-imposed legal obligations (e.g., jury duty or subpoena) must be excused. Other reasons also may be approved.
- You cannot participate in classes unless you are registered officially or approved to audit with evidence of having paid audit fees. The Office of the University Registrar provides official class rolls to instructors.
- If you do not participate in at least one of the first two class meetings of a course or laboratory in which you are registered, and you have not contacted the department to indicate your intent, you can be dropped from the course. You must not assume that you will be dropped, however.
- The university recognizes the right of the individual professor to make attendance mandatory. After due warning, professors can prohibit further attendance and subsequently assign a failing grade for excessive absences.

MAKE-UP POLICY:

Dance Technique Class – Makeup Policy

- You are responsible for all material covered during any absence
- There are no makeup options for unexcused absences
- Absences from Written Exams, Quizzes, Mid-Terms, and/or Finals may only be made up with approved documentation
- To earn credit (amount of credit determined by the instructor) for an excused absence you must do two things:
 - 1) Immediately after your return to class, turn in approved/legal documentation to instructor. If you need the original documentation, the instructor will accept copies.
 - 2) Make-up the class with an approved assignment submitted on the required date. If the assignment is to attend another class as a make-up, it must be the same technical level, or lower; student must request permission of that instructor.

In the UF Dance Program, three unexcused absences will reduce your grade one-letter grade (i.e., from B to C). Each subsequent unexcused absence lowers your grade by half letter grade (i.e., from C to C-). After five unexcused absences the student may not return to class and result in automatic failure of the course. A student with medical documentation may apply to UF for Medical Withdrawal.

STUDENT ON-LINE EVALUATION PROCESS

Students are expected to provide feedback on the quality of instruction in this course by completing online evaluations at <https://evaluations.ufl.edu>. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. The instructor is the only person that views your written comments. Summary results of these assessments are available to students at <https://evaluations.ufl.edu/results/>

Students not in compliance with the above requirements will be considered absent from class or points deducted at instructor's discretion.

ESSENTIALS OF ACHIEVING TECHNICAL APTITUDE

These aspects of technical development are divided into six (6) categories and are the basis both for grading and for any consideration toward promotion to a higher ballet technique levels:

- PLACEMENT AND ALIGNMENT
- CORE SUPPORT AND CONDITIONING
- APPLICATION OF ROTATION - STATIONARY AND LOCOMOTOR
- SPATIAL AWARENESS AND FULL BODY INTEGRATION
- RHYTHMIC CLARITY/MUSICALITY
- PROFESSIONALISM

PLACEMENT AND ALIGNMENT

A priority is placed on alignment, which includes an awareness and integration of skeletal structure in shaping the body in place and in motion, to efficiency of movement, but reduce, if not eliminate, the potential for injury. This intrinsic understanding should be evident in all exercises: barre, center, and phrase work.

- **5-Excellent**
Has the ability to self assess while consistently maintaining alignment of torso/spine, pelvis & limbs while stationary and moving. Articulates limbs with excellent precision and clarity.
- **4-Good**
Consistently maintains alignment of torso/spine, pelvis, & limbs while stationary and moving. Articulates limbs with excellent precision and clarity.

- **3-Sufficient**
Demonstrates a consistent application of principles of alignment. Demonstrates consistent clarity during articulation of limbs.
- **2-Limited/Deficient**
Demonstration of correct personal alignment is not observable. Precision and clarity not demonstrated during exercises or movement through space.
- **1-Unsatisfactory**
Fails to demonstrate an understanding of basics of alignment and body fundamentals.

CORE SUPPORT AND CONDITIONING

Coupled with developing a proper sense of alignment and placement as applied to dance (and life) is a separate and equal area referred to as Core Support/Strength. It is necessary to list it as its own category to emphasize its importance to movement and promote awareness of its connection to the safety of the individual as they move through various positions and as applied to ballet technique. Development of strength to safely perform movements that require weight bearing on arms, including inverted movements. Conditioning is included in this section to insure that strength is not over emphasized and that the student finds a personal practice that enforces this aspect of their training.

- **5-Outstanding/Advanced**
Has ability to self assess while connecting core and whole body conditioning to how the whole body moves through space and consistently moves with power and control through space and all levels.
- **4-Excellent**
Connects core and whole body conditioning to how the whole body moves through space and consistently moves with power and control through space and all levels.
- **3-Good/Sufficient**
Demonstrates movements competently with an adequate application of core support. Overall body strength and conditioning is adequate, with room for improvement.
- **2-Limited/Deficient**
Work in class indicates weakness in core strength and movement control. Demonstrates limited power to safely propel self through space.
- **1-Unsatisfactory**
Demonstrates lack of sufficient core support, conditioning and total body strength. Lacks power and control to safely propel self through space.

APPLICATION OF ROTATION - STATIONARY AND LOCOMOTOR

Essential to the healthy development of ballet (and general dance) technique is the full awareness of correct personal anatomic alignment in relation to parallel and outward rotation which includes hip socket, knee and ankle for the lower body and spine, ribs, shoulder girdle, head and neck for upper body.

- **5-Outstanding/Advanced**
High degree of precision and personal understanding of parallel and rotation in relation

to whole body alignment. Shows ease and economy of effort when quickly shifting among positions.

- **4-Excellent**

Ability to achieve correct parallel and rotation and move easily among positions in relation to personal anatomical considerations.

- **3-Good/Sufficient**

Consistent correct application of alignment principles in relation to parallel and rotated positions, particularly in lower body. Can show improvement in relation of these alignment principles throughout the body. Shows ability to transfer from one position to another with relative ease and minimum effort.

- **2-Limited/Deficient**

Inconsistent demonstration of parallel and rotation in relation to personal alignment throughout body. Difficulty transferring between parallel and rotation.

- **1-Unsatisfactory**

Incorrect use of parallel and rotation in relation to overall personal alignment. Especially demonstrates unsafe alignment of knee, ankle, and hip relationships. Unsuccessful transfer of weight and re-alignment when shifting between parallel and rotation.

SPATIAL AWARENESS AND FULL BODY INTEGRATION

Necessary to the training of a ballet dancer is the understanding of the movement of the body as a unit, and in relation to specific body parts (upper and lower body halves, and right and left body halves in motion), as well as a sense of spatial awareness as they relate to the movement of the body through classically defined positions.

- **5-Excellent**

Demonstrates highly refined understanding of movement of body parts in relation to personal center of gravity. Integration of body in motion through space is clear and precise.

- **4-Good**

Student consistently moves through space with full commitment and knowledge of level and direction changes.

- **3-Sufficient**

Demonstrates a development towards the sensitivity to moving the body as a whole unit and an ability to experiment with the body in motion through time and space. Continues to demonstrate a developing understanding of the relationship between body parts and center of gravity.

- **2-Limited/Deficient**

Demonstrates limited awareness of the connection between strength of center and total body movement; minimal ability to integrate the body in movement.

- **1-Unsatisfactory**

Demonstrates lack of understanding of the concept of full body integration, as well as an adequate understanding of spatial awareness. Demonstrates a lack of understanding of the connection between upper body and lower body, and between body halves.

RHYTHMIC CLARITY / MUSICALITY

A student's progress through the technique sequence should also yield both a practical and intrinsic understanding of how rhythm and musicality are applied to an exercise, a phrase, and dance performance. Musicality is the ability to perform movement phrases informed by music and as regulated by the choreography/classical repertoire. Rhythmic clarity is the ability to understand the relationship of the moving body to time.

- **5-Excellent**
Student demonstrates an intrinsic understanding of how the music and movement are united. Consistent awareness of sound demonstrated through accurate response to instructions and to musical cueing.
- **4-Good**
Student consistently moves with knowledge of beat/meter, accents, tempo, and rhythmic patterning.
- **3-Sufficient**
Student is consciously working towards the application of beat/meter, accents, tempo, and rhythmic patterning and applies these musical basics to exercises, phrases, and repertoire. Generally appears to sense music deeply and to allow the nature of the music to affect the interpretation of movement phrases.
- **2-Limited/Deficient**
Inconsistently demonstrates beat/meter, accents, tempo, and rhythmic patterning. Insufficiently developed sense of internal timing or a passive approach to dance phrasing. Student may show depend on other dancers, instructor counting, or obvious musical cues, rather than intrinsic musical responses.
- **1-Unsatisfactory**
Student rarely moves with using beat/meter, accents, tempo, and rhythmic patterning; or fails to invest in developing skills in this area.

PROFESSIONALISM

Student demonstrates a mature artistic sensibility while cultivating their artistic aptitudes. The importance of attendance is emphasized and part of the final grading process, as noted in the syllabus.

- **5-Excellent**
The student consistently demonstrates an attitude that is teachable, mature, attentive, supportive, open, and welcomes and integrates corrections.
- **4-Good**
Student shows a high level of a mature and professional approach to all aspects of course work.
- **3-Sufficient**
Student shows a consistent and growing awareness of the profession through classroom behavior and peer interaction.
- **2-Limited/Deficient**

Student demonstrates limited interest or ability in understanding and expressing a professional attitude. May resist corrections and/or what is being taught. Fails to heed instruction and/or demonstrates other behaviors unbecoming a professional dancer.

- **1-Unsatisfactory**

Student rarely demonstrates an attitude that is teachable, mature, attentive, supportive, open, and does not integrate corrections.

Evaluations and Grading:

Midterm and Final evaluations occur during the class. You will be observed by the instructor and perhaps other members of the dance faculty. Grades will be assigned based on the technical proficiencies listed above. For the BFA major, application of your technique work to concert/performance work will be factored into your technique grade.

GUIDING CONCEPTS

These following general concepts are applied to all areas of technical development and used by faculty to assess student progress:

“Self Awareness and Ensemble Skills

The student demonstrates an ability to retain an awareness of self while integrating their movement into spatial relationships with other persons and groups. The student should also demonstrate clarity in three-dimensional movements and an ability to sustain directionality in exercises and in phrases of substantial length.

Transitional Skills (Continuity of Flow)

Exercises should be performed with an understanding and dynamic use of different types of phrasing. Students should demonstrate an ability to sequence a variety of movements into an extended phrase: recognizing and moving through transitions and demonstrating follow-through of movement impulses as appropriate.

PERFORMANCE QUALITY (DYNAMIC AWARENESS)

Each instructor will provide the class with specific movement and performance goals that delineate for the student: suitable use of energy, range of dynamics and movement qualities, the images or mind-set to evoke expressive and/or stylistic qualities and functional details

General Information

Student Injury and Illness Policy:

The Dance Area of SoTD believes that dance student's physical and mental well-being is paramount to success in all arenas of their dance training, from class to the stage. In the case of injury, fostering a productive and holistic response insures a speedy and effective recovery.

If the dance student becomes ill or injured to the degree that they cannot attend and participate in dance classes, SoTD sponsored rehearsals, or performances, the 5 steps of the dance student injury and illness policy are to be followed:

1. The student is required to see a health care professional immediately.
2. If the illness or injury prevents the student from participation in dance class, rehearsal, or performance, the student is to request documentation from the health care professional that explicitly projects the duration of the injury, and/or the amount and type of activity recommended for the welfare of the student.
3. Following the appointment with the health care professional, the student is required to bring medical recommendations and related documentation to the attention of his or her instructor(s), choreographer(s), or director(s) as the basis for discussion.
4. Unless otherwise medically advised, the student is prohibited from active participation in all related UF dance activities, classes, events, performances, etc. The student may not personally select one activity as having a higher priority over another. The student is not to dance in any events, activities, performances or rehearsals if the student is not in dance class. If the infirmity culminates in a medical withdrawal, this is also a withdrawal from all performance related activities.
5. The student is never allowed to sacrifice classroom participation for the demands of a performance. The student will not be allowed to participate in a performance if they miss dance class due to an injury. The student is expected to follow the student injury and illness policy even if performances take place beyond the scope of SoTD, as with another UF, professional, or community performing group, etc.

If involved in a SoTD produced production (with or without credit), there is required attendance at the production's Strike (as stated in the current SoTD Production Handbook):

Strike

- Strike is the restoring of the stage to its original condition. This mainly consists of the breakdown of technical components of the production.
- Strike typically takes place immediately following the final performance of the production.
- Strike is run by the Technical Director or Scenic Studio Supervisor.
- Safety is of the utmost importance! Proper footwear and clothing must be worn. Additional Safety Equipment may be required depending on the task.

- The Strike requires the presence of all undergraduate performers involved in the show and crew, Props Master, Master Electrician, and Technical Director or Scenic Studio Supervisor.
- Only the Technical Director, Master Electrician and Costume Supervisor can release anyone from Strike.
- Additionally, all cast members and crew must sign out with the Stage Manager.
- All undergraduate students involved in the production are REQUIRED to attend.
- Graduate Actors are released after 1 hour of participation at Strike due to their GTA responsibilities. Grad Actors must sign out with the Stage Manager before leaving.
- Only the Technical Director may approve an absence from Strike. Under extenuating circumstances may a student be “excused” from or permitted to leave early from Strike. If the student is “excused” from a REQUIRED strike or leaves early from Strike, the Strike must be “made up” by one of the 3 following options:
 - The student must participate in two Strikes within the current academic semester.
 - **--or--**
 - The student must participate in one strike and serve 6 hours in the shop within the current academic semester.
 - **--or--**
 - The student must serve 12 hours in the shop within the current academic semester.
- If a student does not adhere to the above penalties for missing Strike or leaving early from Strike, or if the students misses or leaves Strike early without approval of the Technical Director the student will be:
 - Ineligible for Theatre and Dance Scholarships.
 - Ineligible to be cast in School of Theatre and Dance productions for the upcoming semester.
 - Ineligible to register for classes.
 - If enrolled in any section of P&P the student’s grade will be lowered.
 - If enrolled in Senior Project the student’s grade will be lowered.
 - If enrolled in Dancers for Choreographers or Dance Ensemble the student’s grade will be lowered.
 - If enrolled in West African Dance or World Dance (*Agbedidi*) the student’s grade will be lowered.

Please Note: Our work in the studios is designed to be challenging; physically, intellectually, and emotionally. Dance classes often involve touching. Physical contact may range from simple touch, to correcting alignment and/or relaxation massage. Students may also be asked to experiment with exercises that involve weight exchange, and in the case of a ballet class, partnering exercises. If you have a related medical consideration or touch makes you uncomfortable, it is your responsibility to notify the instructor at the start of the semester.
