

ART 2770C Non-Majors Throwing

University of Florida, School of Art and Art History

Non-Majors Throwing	Fall 2017
T & TH 6 – 9 pm	Credit Hours: 3
Instructor: Stephanie Wilhelm	FAC B16
Office: FAC B12 Email: swilhelm@ufl.edu	Ceramics Policies can be found on our class canvas page which is listed below.
Office Hours: TBA	Course website:

COURSE DESCRIPTION

This course is an introduction to making functional vessels on the potters' wheel as expressive art. In this class we will examine historic and contemporary examples of pottery as a basis for understanding how the wheel-thrown vessel can be created as expressive art. We will focus on physical throwing skills, three-dimensional design concepts as they relate to the functional ceramic vessel, creative problem-solving to develop and realize an idea that can be read by other people, and the technical information necessary to support an understanding of forming, surfacing, glazing and firing pottery. With these processes, students will learn the foundations of artistic self-expression, practice making design choices for clear expression, and conceptual and aesthetic analysis through discussion of works of art in critique. We will be using low-fire materials and learning to load and fire electric kilns.

COURSE OBJECTIVES

As a result of completing this course the students will:

- Develop the physical skills of using a potter's wheel as a tool for shaping clay by throwing forms as well as trimming to shape thrown forms.
- Become familiar with areas of world ceramic art history that have used thrown form and/or materials and processes related to those in this class.
- Learn to generate personal ideas that are visually expressed, and describe the content behind their work in critiques.
- Learn to analyze the visual expressions of others and discuss that work in critiques.

COURSE RESOURCES

Required Text

Mastering the Potter's Wheel: Techniques, Tips, and Tricks for Potters by Ben Carter

Recommended Text

The Basics of Throwing: A Practical Approach to Form and Design. Cohen, David. ISBN: 978-0- 8122-2041-4

DATES AND DEADLINES

Dates and deadlines for the course are listed in the Tentative Course Calendar at the end of the syllabus.

Critical Dates on the University of Florida calendar may be viewed at

<http://www.reg.ufl.edu/dates-critical.html>

GRADING

Assignment	Weight
Project 1 – Cylinders/ Vases	15%
Project 2 – Bowls	20%
Project 3 – Cups	20%
Project 4 – Lidded Jars	20%
Test – on materials, process, ceramic art history	10%

Participation / Attendance - Participation in class discussions, presentations of discussion material, participation in loading and firing kilns, and cleaning up after yourself.	15%
--	-----

***Detailed information on how each project will be graded can be found on project sheets for assignments.

All projects must be completed on time to receive full credit. Specific due dates are stated on the Tentative Course Calendar. Failure to complete any project on time will result in a drop of one full letter grade from that project. Keep in mind, however, late work is better than no work.

GRADING SCALE:

A 94-100, A- 93-90, B+ 89-87, B 86-84, B- 83-80, C+ 79-77, C 76-74, C- 73-70, D+ 69-67, D 66- 64, D- 63-60, E 59-0

A = excellent, distinguished use of concepts, materials, and execution
B = good use of concepts, materials, execution

C = average, meets all requirements minimally.

D = marginal, aspects of project are missing or not fulfilled
F = unacceptable, failure. No Credit.

(Note: A grade of C- or below will not count toward major requirements)

UF Grading policy:<https://catalog.ufl.edu/ugrad/current/regulations/info/grades.asp>

Evaluation of your fulfillment of project requirements includes:

- Idea research and development, including sketchbook use
- Development of a personal idea in response to the project, and use of design devices to support that content to communicate to others.
- Forming craftsmanship (even walls, appropriate trimming, finish, footing, etc.)
- Application of surfaces and glazes
- Formulate and express an analytical critique of works

ELECTRONIC DEVICES POLICY:

Turn cell phones on vibrate before entering class. Absolutely no texting is permitted. Personal use of phones, laptops, and tablets are strictly prohibited during class time. The only exceptions to this will be for class-related research, taking notes, and listening to music during work time. **Cell phone use during critique will not be tolerated.**

LATE ARRIVAL POLICY:

Prompt arrival to class is required. Arrival after start of class will be noted and four such incidences will count as one absence. Leaving early from class will also be considered as tardiness, and will be counted as such.

ATTENDANCE POLICY:

ART2770C – Wilhelm Fall 2017

Class attendance is mandatory. Students are expected to attend all classes. Students who do not attend at least one of the first two class meetings of a course in which they are registered, and who have not contacted the department to indicate their intent, may be dropped from the course.

The ceramic process requires time and dedication. On your fourth unexcused absence, 50% will be deducted from your participation grade. **On your fifth, another 30% will be deducted from your participation grade.** This will severely affect your overall grade.

In general, acceptable reasons for absence include illness, serious family emergencies, military obligation, severe weather conditions, religious holidays, jury duty, extracurricular requirements (e.g. field trips or professional conferences), and participation in official university activities such as music performances, athletic competition, or debate. For your absence to be excused for the following reasons you must present me with documentation the day your return to class.

See <http://www.registrar.ufl.edu/catalog/policies/regulationattendance.html> for more detail. **Please be sure to make plans in advance for excused absences, you are still expected to do all work and review all material missed during any absence.** Unexcused absences will not suspend due dates.

Unexcused late work will result in a lowered grade

INTRODUCTION TO CLAY:

Clay is a wonderful material and will do many things, but it cannot be rushed or neglected without consequences. It takes regular practice and attention to develop skills and firing techniques. **This will take studio time outside of scheduled class hours.** You will be need to make MORE than the final required number of pieces for each assignment to achieve satisfactory finished pieces. **The learning curve in this class is large. You are expected to work hard, rise to challenges and persist in order to build skills. Plan to spend at least six hours per week outside of class time.**

Ceramic work is fragile. Studio accidents or kiln issues may cause work to break. While all due care will be exercised, I must have finished work to assign a grade for a project. Work that blows up or is broken before completion will require re-making for grading. If your work is destroyed in progress, please show this to me and we will discuss what must be done to achieve a finished project for grading. In the case of involved projects where the loss is not the student's fault, abridged project parameters may be negotiated and due dates adjusted.

Each assignment requires preparation including assigned readings. Students are expected to do the readings assigned on the project sheets by the next class meeting from the calendar date assigned, and be prepared to discuss the material. Fulfilling assignments includes research sketches, following the project criteria, presenting the work on the assigned dates, and participating in group critiques and discussions.

Clean up of workspace is required. Please have a proprietary attitude about the shop, and leave it clean, regardless of the condition you find it. This includes cleaning up wheels, bats, table space, sink, and floor. Clay dust can be harmful to breathe so the studio should be cleaned every day to protect the health of everyone using this space. Clean only with wet mops and sponges. Dry sweeping puts toxic dust into the air. Working in built-up clay dust is a health hazard. We all work on this together, and the added effort and team spirit contributes greatly to the safe, effective, and enjoyable use of the area by a large number of people. Please read and observe shop procedures and rules. If in doubt, please ask me or Ceramics Teaching Lab Specialist, Derek Reeverts.

TOOLS & MATERIALS

A sketchbook, tools, and at least one clay ticket are required for the second class meeting. Please be sure to mark your tools with your name or some sort of identification. Kits and some tools for sign out are available through Derek.

Sketchbooks are a necessary tool for artists. You are required to keep a sketchbook (minimum size, 8 1/2"x 11") for recording notes and ideas. Please have your sketchbook in class by the second class meeting. I will review your sketchbook for each assignment and periodically. Don't be concerned about the quality of your drawing skills. You will be using drawing to develop your ideas, not as an art form. You should also use your sketchbook as a journal of your class experiences. Write about your ideas. Which techniques worked and which did not? What did you like or dislike about the firing results? You should also include any articles, pictures, postcards, or photographs of things that inspire you. Regular use throughout the semester is part of developing ideas. Additionally, a sketchbook may function as an archive for your ideas and a record of thoughts and work produced. It takes regular exercise in using a sketchbook to help you grow as an artist.

Required Tools	Recommended Tools
<p>Sketchbook Pin/needle tool Flexible metal rib Wooden shaping rib Wooden knife/ modeling tool Cut-off wire Soft rubber rib Sponges small synthetic sponge for throwing Trimming tools pear-shaped trim tool, square-edged trim tool Small bucket Plastic to cover work in progress, clear thin plastic works best. Spray bottle Towel & Apron Brushes for slip, glazing, wax resist: a range of watercolor-type, hake, Japanese, etc. Need not be expensive, but several sizes would be helpful. Sold at hardware or hobby stores. SOFT brushes are the best!</p>	<p>Padlock for your locker Fettling knife Calipers for lid & parts measurement Scraper (plastic or metal, to lift bats, smooth clay) Sur-form (small) rasp (hardware store item) Wooden paddles for shaping Small containers (for slips, glazing and to wash brushes) Bat pins: 1/4' socket head cap screws with 3/8' head Bulb syringe (infant enema w/removable nib) or slip trailing squirt bottles (Miss Clairol bottles from the beauty supply work well), perhaps one or two if you want to try trailing x-acto knife scissors straight edge/ruler Masking or painters tape Sharp butter or kitchen knife</p>

*Basic clay tool kit can be purchased at the Reitz Union Bookstore.

CERAMIC SUPPLIERS:

Options in Gainesville:

Soma Art Media Hug, 601 South Main Street <http://www.somaartmediahub.com/> (Call to see if they have what you need first!)

Michaels, for a basic tool kit 3644 SW Archer Rd

Frazier Ceramics Shop <http://frazierceramicsshop.com/> Only has some tools.

STUDIO ETIQUETTE

Each student is responsible for ensuring that his/her projects and materials are safely stored, displayed, installed, and removed from the classroom and critique space. Projects must be set up and removed from the critique space at the times and spaces designated for each project.

The instructor, the School of Art and Art History, and the Ceramics Department are not responsible for student work left in workspaces, installation spaces, the critique space, the shops, or the classrooms. Projects/materials are not to be stored in the group working space.

Please address any concerns, problems, and questions regarding this class to the instructor as they arise. The instructor is available during office hours, and by making an appointment for a special meeting time.

Always be open-minded when considering new ideas and constructive criticism. Critique ideas; not people.

The SAAH studios like science labs on campus are designated for student use. Please be advised that visitors are not permitted without approval. The SAAH has an official policy for those not currently taking classes.

STUDIO ACCESS POLICY

Laboratory and studio spaces in the School of Art and Art History are for educational and research purposes. Use of these spaces is intended for currently enrolled students, faculty and staff only. Occasionally, access may be granted to non-enrolled students, faculty or staff on a case by case situation. Studios are available 24 hours a day, 7 days a week to registered students. You will be given code by your instructor. FAC is locked on the weekends. Your student ID acts as a key card for the exterior door near the wood shop.

There is a small black card reader to the right of the door. Please **do not prop doors open under any circumstances**. Additionally, please note that the studio is CLOSED from 5-6 AM for daily cleaning, **please put chairs on the table if you are the last in the studio for this to happen.**

VISITOR POLICY

Your safety is important to us. Keep studios locked and not propped open. Visitors are not allowed. Should

you have someone wanting to visit, you must seek permission from the Teaching Lab Specialist at least 48 hours before.

LOCKERS in the hall adjacent to studio may be used by students in the Ceramics program. A locker list is circulated in class to register your locker for the semester(s) you will be taking classes. Please sign this list with your name, student #, and instructor's name. Students provide their own locks. A colored dot with the semester and year and your name will show a locker is occupied. At the end of the semester, this dot, your lock, and belongings must be removed. If you are returning to Ceramics classes the following semester, you may leave a note on the locker and retain the locker for the next semester. Lockers left after the end of semester will have the locks cut off and materials removed.

CLAY: Students will purchase premixed clay. Students will buy clay at the bookstore by filling out a materials slip and presenting both the materials slip and receipt to get clay. Non-porcelain bags of clay are \$12.50 each. Helios porcelain is \$25 per bag. Times for obtaining clay will be posted. Students may recycle clay as outlined below, or unsuitable clay may be placed in the reclaim buckets for the appropriate clay type. Students are welcome to recycle clay out of the reclaim buckets.

STIFF CLAY may be reclaimed by cutting into slabs, alternating with layers of soft clay or slurry from the reclaim bin, then wedging to an even consistency. Clay too stiff to wedge should be broken into small lumps so that water will penetrate, and slaked down covered by water in a bucket or the reclaim barrel. If a student desires, the resulting slurry can be put onto the plaster drying slabs in Studio, turned periodically until dried to a soft clay consistency, and wedged up for use.

BONE DRY CLAY should be slaked down as above.

WET CLAY can be dried on plaster bats or slabs until some moisture is removed, and wedged for use, or powdered fire clay or stoneware clay (ask your instructor) or grog may be wedged in. Wedging itself also tends to dry clay out.

CLAY SLURRY remaining in your bucket after working or clean up should be put in reclaim. **DO NOT POUR SLURRY OR SLIP IN THE SINK; USE THE RECLAIM BARREL** or the trash for contaminated clay. Thick liquids not going to reclaim should be put in the trash. Keeping studio areas clean of clay helps reduce the dust level and is healthier for all.

STUDENTS WITH DISABILITIES

We are very willing to accommodate students with disabilities. Students requesting classroom accommodation must first register with the Dean of Students Office. The Dean of Students Office will provide documentation to the student who must then provide this documentation to the Instructor when requesting accommodation. This is most helpful if done at the beginning of the semester. DOS can be contacted at: 352-392-1261 or <http://www.dso.ufl.edu/drp>

SA+AH HEALTH AND SAFETY POLICY (SEE ATTACHED APPENDIX)

The School of Art and Art History Safety Manual will be reviewed in class. Students and instructors are responsible for following policy and procedures for making art safely at all time. The entire document is available online <http://arts.ufl.edu/site/assets/files/37319/saahhealthandsafetyhandbook.pdf>

All students are required to sign and turn in the signature page to the instructor on the first day of class. (<http://www.arts.ufl.edu/art/healthandsafety>)

Health & Safety Area Specific Information: Ceramics

Hazards of the Materials

Ceramic Dust is a potential irritant and prolonged exposure may result in chronic conditions. Many substances in the glaze room are marked as toxic or hazardous materials. Ingestion and inhalation of these materials could be hazardous or fatal.

Best Practices: Use gloves to avoid exposure to hazardous materials.

Links for Safety <http://www.lagunaclay.com/msds/>

CERAMIC AREA RULES

- All users of the studio classrooms are expected to follow studio area rules at all times. If you have

any questions, ask your instructor.

- Follow the SA+AH Satellite Waste Management Chart in the classroom and other health & safety guidelines posted for your media.
- In case of emergency, call campus police at 392-1111
- File an incident report (forms may be found in the SAAH H&S handbook, the SAAH faculty handbook and in the office.) Turn completed forms into the SAAH Director of Operations within 48 hours of the event.
- Alcohol is forbidden in studios.
- No eating or drinking in the glaze or mixing areas.
- Familiarize yourself with the closest eye wash unit.
- Shoes must be worn at all times.
- It is recommended that protective equipment be worn at all times: safety glasses when grinding, chipping shelves, etc., protective lenses for kiln viewing, gloves for hot objects, heat-resistant aprons for raku, ear protection for grinding and sawing, rubber gloves for mixing hazardous materials.
- Do not block aisles, halls, or doors.
- Do not bring children or pets into the studios.
- Do not store things on the floor.
- Clean up spills immediately. Scoop up dry materials, mop up liquids, do not return spilled materials to original source as they are contaminated now.
- Do not sweep. This puts hazardous materials in the air. Instead please scrape up chunks and wet-clean.
- Carry heavy or large trash to the dumpster.
- Place materials containing barium or chrome in the hazardous waste disposal area.
- Report any safety issues IMMEDIATELY to your instructor.
- All courses must engage in an end of the semester clean up.
- Follow the **SA+AH CONTAINER POLICY** (see policy below).

There are 2 types of labels used in the SA+AH-- yellow and white. Both labels are found at the red MSDS box and are supplied by the SA+AH. Each is used for a different purpose.

White label

All new and/or used product in containers (hazardous or what might be perceived as hazardous -i.e. watered down gesso, graphite solutions, satellite containers of solvents, powders, spray paints, fixatives, oils, solvents, etc.) must be labeled within the SA+AH to identify their contents. Labels can be found at the MSDS box in each studio and work area. All containers must be marked with your name, contents and date opened. All secondary/satellite containers for hazardous materials must be marked with content, your name and the date opened. All unmarked containers will be disposed of with no notice.

Yellow label

WHEN HAZARDOUS ITEMS ARE DESIGNATED AS WASTE. All containers must have a yellow label identifying the contents that are designated as trash for weekly EHS pick up. - Flammable solid containers (red flip top) must have a yellow hazardous waste label on the outside (top). - 5 gallon jugs must have a yellow hazardous waste label on the outside. - Fibrous containers must have a yellow hazardous waste label on the outside (top). - Each item in the blue bin must have a yellow hazardous waste label.

Note: Hazardous Waste labels should include all constituents in the waste mixture as well as an approximate

percentage of the total for that item and must add up to 100%. Labels should also include the building and room number of the shop generating the waste along with the Waste Manager for your area, This is located on the SWMA sign posted at the sink or at the Waste Management Area.

ACADEMIC HONESTY POLICY

All students are required to abide by the Academic Honesty Guidelines that have been accepted by the university. This includes, among other things, sanctions for cheating, misrepresentation, plagiarism, and illegal use of copyrighted materials.

The university's policies regarding academic honesty, the honor code, and student conduct related to the honor code will be strictly enforced. Full information regarding these policies is available at the following link: <https://catalog.ufl.edu/ugrad/current/advising/info/student-honor-code.aspx>.

Works submitted for grading in this class may not be submitted to any other class for a grade unless both faculty give prior consent. To do so without consent will be considered misrepresentation and cause for a failing grade.

COMPUTER USE POLICY

In accordance with the UF computer rule, it is expected that all students will use electronic tools as required for class communication, research, and assignments. Class communications will include a listserv named for our section number.

CERAMICS POLICIES

All Students please read and follow studio regulations listed in *Welcome to UF Ceramics*, posted in studio, and follow shop procedures. You may also find this online in the [PDF file on Canvas](#).

ALCOHOL USE POLICY

Consumption of alcohol in classrooms, labs, offices, or studios is not permitted. Possession of open or closed containers is prohibited.

SCHOOL OF ART AND ART HISTORY POLICIES REGARDING BEHAVIOR IN LECTURES, CLASSROOMS, STUDIOS & OTHER INSTRUCTIONAL SPACES

The University of Florida is an institution that encourages the intellectual and personal growth of its students as scholars and citizens. As an educational institution, the University recognizes that the transmission of knowledge, the pursuit of truth, and the development of individuals requires the free exchange of ideas, self-expression, and the challenging of beliefs and customs. In order to maintain an environment where these goals can be achieved safely and equitably, the University promotes civility, respect and integrity among all members of the community. As stated in the Standard of Ethical Conduct, students are expected to exhibit high standards of behavior and concern for others.

UNIVERSITY POLICY FOR RELIGIOUS HOLIDAYS

The Board of Regents and state law govern university policy regarding observance of religious holidays: Students, upon prior notification of their instructors, shall be excused from class or other scheduled academic activity to observe a religious holy day of their faith. Students shall be permitted a reasonable amount of time to make up the material or activities covered in their absence. Students shall not be penalized due to absence from class or other scheduled academic activity because of religious observances. Further, a student who is to be excused from class for a religious holy day is not required to provide a second party certification of the reasons for the absence.

DISRUPTIVE BEHAVIOR

Be advised that you can and will be dismissed from class if you engage in disruptive behavior. Students who intentionally act to impair, interfere with, or obstruct the mission, purposes, order, operations, processes, and functions of the University shall be subject to appropriate disciplinary action by University authorities for misconduct, as set forth in the applicable rules of the Board of Regents and the University and state law governing such actions. A detailed list of disruptive conducts and actions may be found at <http://www.aa.ufl.edu/aa/Rules/1008.htm>

COUNSELING SERVICES

The Counseling Center provides counseling and consultation services to currently enrolled undergraduate and graduate students and their spouses/partners. The Center offers brief counseling and therapy to help students confront personal, academic, and career concerns. The primary goal of counseling is to help students develop the personal awareness and skills necessary to overcome problems and to grow and develop in ways that will allow them to take advantage of the educational opportunities at the university. www.counsel.ufl.edu

- University Counseling Center: 301 Peabody Hall, 392-1575, personal counseling
- Student Mental Health: Student Health Care Center, 392-1171, personal counseling
- Sexual Assault Recovery Services, SARS: Student Health Care Center, 392-1161, sexual assault counseling
- Career Resource Center: Reitz Union, 392-1601, career development assistance and counseling.

H.O.T. Clay Ceramics Student Organization

H.O.T. (Handbuilt Or Thrown) Clay is the student Ceramics organization. Members support initiatives that further their ceramic education, and enjoy working together.

T. H.O.T. Clay

- Organizes and runs the semi-annual student ceramics sales to raise funds
- Engages student government to petition for funding support for initiatives
- Meets to identify projects to forward student ceramic student life at UF and discuss student concerns
- Holds fun make-a-thons to create works for the sale
- Organizes periodic exhibition opportunities for the members, installs shows, mounts publicity for the shows
- Runs a visiting artist program funded by student-generated money. Students select the visiting artists and run the events, which provide valuable professional practices experience
- Helps with funding to send active H.O.T. members to the annual National Council on Education for the Ceramic Arts annual conference
- Provides leadership experience for people willing to run for office

All students taking Ceramics classes are invited to join. Anyone who plans a future in the Ceramic arts is strongly encouraged to join for the camaraderie and professional experience this organization provides. Please see signs posted in the Ceramics department that announce meetings. See the bulletin board in the hall for info, or the HOT Clay blog: <http://hotclay.blogspot.com/>.

Links to local ceramic suppliers are online here: <http://1drv.ms/1kvdqtZ>

We have no economic interest in these suppliers, nor is this an endorsement. These links are offered as a convenience to UF students who may want to locate the closest tool and ceramic suppliers.

TENTATIVE SCHEDULE:

WEEK	DAY	CLASS	HOMEWORK
Week 1	Tues Aug 22rd	-Welcome! -Syllabus review (Chandra) -Tour of the studio and tool review	- tools, clay tickets, plastic, towel & apron, sketchbook ready. -text reading Wedging & Throwing p.26-41 -video Adam Field throwing https://www.youtube.com/watch?v=UDH_QnNNA3k
	Thurs Aug 24th	- Come ready to throw! - Safety Tour - Demo wedging clay and throwing cylinder - Intro project 1	- practice throwing cylinders and save 5 for class. - Research and sketches due Tues.
Week 2	Tues Aug 29 th	- Demo cylinder review & exercise. - Review cylinders and tips! - Review of research and sketches	- Reading: Overcoming common problems p.43-45 - Keep practicing and be patient! =]
	Thurs Aug 31	- Review throwing - Work Day! - Trimming demo	- Practice, practice, practice! - Reading: Applying slip p. 189-192
Week 3	Tues Sept 5 th	- Work Day! - Slip Demo Technique	- Work on Project 1
	Thurs Sept 7 th	- Leather hard critique - Intro Project 2: Bowls - Work Day!	- Research and sketches for Project 2 - Finish project 1 for bisque - Text reading: bowls p. 109-111
Week 4	Tues Sept 12 th	- Bisque Project 1 - Demo: throwing a bowl - Work Day!	- continue project 2 research and sketches -
	Thurs Sept 14th	- Demo glaze - review project 2 proposals - unload kiln	- glaze project 1 - project 2 research and sketches - practice throwing and trimming bowls and save 5

Week 5	Tues Sept 19th	<ul style="list-style-type: none"> - review of 5 bowls and tips! - Project 1 Due glazed - Demo: trimming a bowl 	<ul style="list-style-type: none"> - volunteers to unload glaze - reading: foundations of trimming p.54-56 - practice trimming bowls
	Thurs Sept 21st	<ul style="list-style-type: none"> - unload glaze kiln (discussion clean up post firing) - questions???? -Work day 	- practice practice!
Week 6	Tues Sept 26th	<ul style="list-style-type: none"> - review bowls and tips! - terra sig demo - load glaze kiln project 1 	- practice practice!
	Thurs Sept 28th	<ul style="list-style-type: none"> - Work Day! - unload glaze <p>Visiting Artist Chandra DeBuse!</p>	<ul style="list-style-type: none"> - work on project 2 - prepare for critique
Week 7	Tues Oct 3rd	<ul style="list-style-type: none"> - Project 1 critique - Intro Project 3 Mugs 	<ul style="list-style-type: none"> - research and sketches for project 3 - reading: cups p. 106-108
	Thurs Oct 5th	<ul style="list-style-type: none"> -Work day! - review project 3 ideas 	<ul style="list-style-type: none"> - project 2 ready for bisque - project 3 research and sketches - reading: handles p 82-91
Week 8	Tues Oct 10th	<ul style="list-style-type: none"> - project 3 proposals Due - load bisque project 2 - Demo: handles and attachments 	<ul style="list-style-type: none"> - - practice handles
	Thurs Oct 12th	<ul style="list-style-type: none"> - unload bisque - work day! 	- glaze project 2

Week 9	Tues Oct 17th	<ul style="list-style-type: none"> - Work day - Handle review - Load glaze project 2 	
	Thurs Oct 19th	<ul style="list-style-type: none"> - Unload Glaze project 2 	<ul style="list-style-type: none"> - unload glaze project 2 - Prepare for Project 2 critique
Week 10	Tues Oct 24th	<ul style="list-style-type: none"> - Critique Project 2 - Intro Project 4 - Project 3 Dry by today 	<ul style="list-style-type: none"> - research and sketches project 4 - Project 3 ready for bisque
	Thurs Oct 26th	<ul style="list-style-type: none"> - Load Bisque project 3 - Demo: Lids - Review project 4 ideas 	<ul style="list-style-type: none"> - reading: lids p.68-73 - unload bisque project 3 - practice lids!
Week 11	Tues Oct 31st	<ul style="list-style-type: none"> - Project 4 proposals due - review lids and tips! - Glazing 	<ul style="list-style-type: none"> - Glazing project 3 ready for thurs
	Thurs Nov 2nd	<ul style="list-style-type: none"> - begin work on project 4 - Work Day! - Load Glaze Project 3 	<ul style="list-style-type: none"> - unload glaze
Week 12	Tues Nov 6th	<ul style="list-style-type: none"> - Critique Project 3 - Work Day! 	<ul style="list-style-type: none"> - work work work work work - study vocab
	Thurs Nov 9th	<ul style="list-style-type: none"> - Vocab review 	<ul style="list-style-type: none"> - project 4 ready dry by Tues - study vocab

Week 13	Tues Nov 14th	- Vocab Quiz!	- project 4 dry!
	Thurs Nov 16th	- Load bisque project 4	- volunteers unload bisque
Week 14	Tues Nov 21st	- Glaze - LAST DAY WET CLAY!!!!!!	- Glaze
	Thurs Nov 23rd	<u>Holiday</u>	- glaze project 4
Week 15	Tues Nov 28th	- Load glaze project 4	
	Thurs Nov 30th	- Mandatory Class cleanup!!! - Unload glaze project 4	- Prepare for final critique and yummy food!
Week 16	Tues Dec 5th	- Critique Project 4! - Class Potluck!
