APPLIED 3D MODELING AND ANIMATION (AMA)

COURSE NUMBER: DIG6358C  CREDIT HOURS: 2.0 - 3.0
SEMESTER/YEAR: SPRING 2018  CLASS LOCATION: TBA
INSTRUCTOR: Seunghyuk Jang  OFFICE LOCATION/HOURS: TBA
CONTACT PHONE: (352) 294-2000  CONTACT EMAIL: Contact via Canvas Inbox

COURSE DESCRIPTION
3D asset production skills are essential for modelers and animators working in Communications, Film, Interaction Design, Game, Industrial Design, and Architecture Industries. This course instructs students in the best industry standard practices and pipelines for creating 3D assets, with a special concentration in producing content for interactive media.

PREREQUISITE KNOWLEDGE AND SKILLS
Enrollment in the MA in DAS program or consent of instructor.

PURPOSE OF COURSE
To familiarize students with the core skills used in professional 3D modeling and animation using an industry standard tool. Students will learn to create digital 3D assets that accurately represent real world objects, produce digital 3D environments from concept to completion, and develop digital 3D characters capable of interacting with their environments, and construct quality dynamic systems and post-process effects.

COURSE GOALS AND/OR OBJECTIVES: At the conclusion of this course, students will be able to –
1. Create 3D assets using Polygonal modeling techniques that accurately represent real world objects.
2. Produce Navigable 3D environments from concept to completion (Model, Texture, Shade, and Lighting).
3. Create expressive 3D Characters from concept to completion (Model, Texture, Rig, Skin, and Animate).
4. Understand the 3D graphics pipeline (both pre and real-time rendered) and how it affects best practices for efficient and well-crafted 3D assets.
5. Build and test particle systems and other dynamic atmospheric assets. (Offered in 3 credits level)
6. Render production quality stills and video. (Offered in 3 credits level)
7. Execute appropriate practices and pipelines for integrating 3D assets into real-time engines. (Offered in 3 credits level)

COURSE SCHEDULE:
The course incorporates lecture, in-class exercises and assignments to apply and reinforce skills learned. Additionally, students will be asked to participate in weekly online critiques to strengthen their skills in analysis and critical thinking. Individual assignments will be explained in detail as the course progresses.

The FINAL EXAM TIME SCHEDULED FOR THIS COURSE will be announced in advance of each semester by the University of Florida Registrar’s Office at http://www.registrar.ufl.edu/soc/

**Final Presentation Date: TBA**

**COURSE POLICIES:**

**PARTICIPATION / ATTENDANCE POLICY**  
Students are allowed three unexcused absences. If you miss more than three classes during the semester, each additional absence will lower your overall grade by 50 points. If you miss more than six classes, you will fail the course. Exempt from this policy are only those absences involving university-sponsored events, such as athletics and band, and religious holidays, family emergencies, and health issues for which you must provide appropriate documentation in advance of the absence.

In our course, attendance for On-Campus and RT On-Line students is mandatory. Students are allowed three unexcused absences. If you miss more than three classes during the semester, each additional absence will lower your overall grade by 1 Letter Grade (ex. A becomes A-). If you miss more than six classes, you will fail the course. Exempt from this policy are only those absences involving university-sponsored events, such as athletics and band, and religious holidays, family emergencies, and health issues for which you must provide appropriate documentation in advance of the absence.

**MAKE-UP POLICY**  
Unless discussed at least 72 hours in advance of the deadline, late assignments after available date on Canvas will not be accepted. Late submissions after Due will lower your completion points by 10 per each day. Excluded from this policy are any assignments missed due to medical emergencies.

Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies that can be found at:  
https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx

**COURSE TECHNOLOGY**  
The students will be required to have access to, and use a personal computer with the access to the Internet. Word editing software will be required for written assignments.

**COURSE COMMUNICATIONS**  
Students can communicate directly with the Instructor regarding the course material through UF e-Learning. http://elearning.ufl.edu/

**UF POLICIES:**

**UNIVERSITY HONESTY POLICY**
UF students are bound by The Honor Pledge that states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.”

The Honor Code (https://www.dso.ufl.edu/scrr/process/student-conducthonor-code/) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

CLASS DEMEANOR
Students are expected to arrive to class on time and behave in a manner that is respectful to the instructor and to fellow students. Please avoid the use of cell phones and restrict eating to outside of the classroom. Opinions held by other students should be respected in discussion, and conversations that do not contribute to the discussion should be held at minimum, if at all.

STUDENTS REQUIRING ACCOMMODATIONS
Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, www.dso.ufl.edu/drc/) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

NETIQUETTE COMMUNICATION COURTESY
All members of the class are expected to follow rules of common courtesy in all email messages, threaded discussions and chats, more information can be found at: http://teach.ufl.edu/wp-content/uploads/2012/08/NetiquetteGuideforOnlineCourses.pdf

ONLINE COURSE EVALUATIONS
Students are expected to provide feedback on the quality of instruction in this course by completing online evaluations at https://evaluations.ufl.edu. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students at https://evaluations.ufl.edu/results/.
