Course Description
One requirement of a BFA degree is to have a public display of your creative work. In the studio arts they organize senior exhibitions, in design we post an online portfolio and resume. That is the purpose of this one credit class. Twice during the semester we will organize reviews of progress and once at the end of the semester to launch the final portfolio.

The first review will be focused on the content of your resume and portfolio. Is your resume clear and understandable? What projects will you present in your portfolio? The second review is focused on the layout, design, and interaction. Early in exam week we will host a “portfolio day” to share the final online portfolios.

Evaluation & Grading
I will grade this work as pass/fail based on participating in the three reviews. Pass will equal 100 points, fail will equal zero points. The three grades are averaged together for a final grade using the standard Canvas scale. Projects will not be accepted after their due date without prior approval.

Attendance & Participation
Overall good attendance and active participation is assumed necessary for the successful completion of the course. You need to fully participate in the three points of review during the semester. Excused absences follow university guidelines and may include illness, serious family emergencies, special curricular requirements, military obligation, severe weather conditions, religious holidays and participation in official university activities or court-imposed legal obligations. Active engagement in the small group feedback sessions is also expected. This means listening to the suggestions of other students and offering constructive comments of your own.

Other Strategies for Success
Often informal performance will influence your project quality...
Timeliness: Meet all final and intermediate deadlines. Arrive Early.
Quantity/Quality: Exceed the Minimum, Seek Critique.
Innovation: Seek Difference not Similarity.
Community: Collaborate, Listen and Share.

Resources
There is no specifically required text. We will use materials available through Canvas (UF eLearning) and our free campus access to Lynda.com tutorials.

**Graphic Design Studio Notes**

Be community-minded and collegial. Respect each other by listening to your music on headphones and by keeping your desk, row and the community areas clean. Recycle paper, cans, and reuse other materials.

Because of limited custodial services in the design studios, trash cans should be put out in the hallway every evening.

Do not use spray adhesive in the studios or in the building. A spray booth which may be used for aerosols is located on the 2nd floor of FAC.

Cell phones should be turned to vibrate or low ring mode during class times. If you must take a phone call — doing so in the hallway will minimize disruption.

Food and drink is allowed in the studio classroom. We ask that you be attentive to cleaning up and throwing away food remains — preferably in the hallway trash cans.

Never use or harm animals or the environment in your projects. Use of animals in projects is strictly regulated.

As a student, your use of software and the Internet is governed by university policies, see... [http://www.cio.ufl.edu/policies/aupolicy.html](http://www.cio.ufl.edu/policies/aupolicy.html)

With questions related to your computer system and technology (network, printers) in the graphic design studio, you can contact our technical assistant — Michael Christopher, mchristo@ufl.edu. Mike can help diagnose problems and recommends solutions. When working in the evening or when few students are present, you should keep the studio door closed. Do not reveal the door pass-code to anyone outside of the program. Never leave the studio open and unattended.

The shared classroom iMac is intended for short-term use for scanning, demos and so on. It is not a substitute for your own system. Any extraneous data stored on the machine may be deleted during maintenance.

Access to individual classrooms, laboratories and the studio facilities is limited to those enrolled in the program. If you notice any strangers, feel free to question or report them. Lab fees are used to supply the printers with ink and paper. Be conservative in your use of these materials.

If you encounter other problems in the classroom or studio, first speak with your instructor outside of class, talk with any graphic design area faculty member, or contact the SAAH
undergraduate student advisor, Dana Myers. After consulting faculty and the art advisor, the other authority to contact is Lynn Tomaszewski, Director of the SAAH. She can be reached in 101 FAC.
