COURSE DESCRIPTION
With the sudden rise of high quality virtual reality hardware, virtual reality became a common tool that is changing the way people interact with the world. Knowing how this works will help to develop more useful VR experiences.

PREREQUISITE KNOWLEDGE AND SKILLS
Enrollment in the MA in DAS program or consent of instructor.

PURPOSE OF COURSE
The purpose of this course is to familiarize students with the core skills used in creating virtual reality environment using an industry standard game engine. Students will learn to create virtual reality that could accurately represent real world or non-existing world with their creative mind. They will also produce virtual reality environments from concept to completion and apply various interactions that help students to make their own unique VR experiences.

COURSE GOALS AND/OR OBJECTIVES
By the end of this course, students will be able to:

1. Understand the workflow of character development in Virtual Reality (VR).
2. Create Virtual Reality Environment from ground up using a powerful cross-platform 3D game engine.
3. Develop most important VR interaction concept.
4. Run VR applications on a smart phone, and most up to date VR hardware.

COURSE SCHEDULE:
The course incorporates lecture, in-class exercises and assignments to apply and reinforce skills learned. Additionally, students will be asked to participate in weekly online critiques to strengthen their skills in analysis and critical thinking. Individual assignments will be explained in detail as the course progresses.

The FINAL EXAM TIME SCHEDULED FOR THIS COURSE will be announced in advance of each semester by the University of Florida Registrar’s Office at http://www.registrar.ufl.edu/soc/
Overview of course and objectives
- Character Modeling for VR/AR
- Retopology practice

Rigging Workshop
- Character rigging with HumanIK
- Comparison with 3rd party plugins

Assignment 1: Planning

Rigging Workshop
- Assignment 2: Level Creation

Rendering Workshop
- Photo realistic render
- Eyeball workshop

Animation Workshop I
- Looping Animation
- Animation for trigger

Assignment 3: Make it run

Animation Workshop II
- Game Engine implementation

Dynamics and collisions

FINAL PROJECTS DUE
Final movie file and project folder must be submitted by
Due Date

Final Project Due!

REQUIRED TEXTBOOKS AND SOFTWARE:

1. UNITY 3D / UNREAL ENGINE 4

COURSE POLICIES:

PARTICIPATION / ATTENDANCE POLICY
Students are allowed three unexcused absences. If you miss more than three classes during the semester, each additional absence will lower your overall grade by 50 points. If you miss more than six classes, you will fail the course. Exempt from this policy are only those absences involving university-
sponsored events, such as athletics and band, and religious holidays, family emergencies, and health issues for which you must provide appropriate documentation in advance of the absence.

In our course, attendance for On-Campus and RT On-Line students is mandatory. Students are allowed **three unexcused absences**. If you miss more than **three classes** during the semester, each additional absence will lower your overall grade by **1 Letter Grade** (ex. A becomes A-). If you miss more than **six classes**, you will fail the course. Exempt from this policy are only those absences involving university-sponsored events, such as athletics and band, and religious holidays, family emergencies, and health issues for which **you must provide appropriate documentation in advance of the absence**.

Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies that can be found at:  
https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx

**MAKE-UP POLICY**

Unless discussed at least 72 hours in advance of the deadline, late assignments after available date on Canvas will not be accepted. Late submissions after Due will lower your completion points by 10 per each day. Excluded from this policy are any assignments missed due to medical emergencies.

Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies that can be found at:  
https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx

**COURSE COMMUNICATIONS**

Students can communicate directly with the Instructor regarding the course material through UF e-Learning.  
http://elearning.ufl.edu/

**COURSE TECHNOLOGY**

The University of Florida and Digital Worlds requires that students have access to and on-going use of a laptop/mobile computer for DIG courses in order to be able to function in the current learning environment. Students are required to access electronic forms of information, submit assignments and communicate with other students and faculty electronically.

**COURSE TECHNOLOGY SUPPORT:**

The **Technology Support Center** provides computer support for Digital Worlds students who access Visimeet, lecture recordings, student equipment, facilities and other technology-based resources.  
http://digitalworlds.ufl.edu/support

For computer assistance related to Visimeet, lecture recordings, student equipment, and facilities request please Submit a Help Ticket or email support@digitalworlds.ufl.edu.
For support related to account services, technical consulting, mobile device services, software services, administrative support, application support center, and learning support services, please contact the UF Computer Help Desk available 24 hours a day, 7 days a week at 352-392-4357 or helpdesk@ufl.edu.

UF POLICIES:

UNIVERSITY HONESTY POLICY
UF students are bound by The Honor Pledge that states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Honor Code specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

CLASS DEMEANOR
Students are expected to arrive to class on time and behave in a manner that is respectful to the instructor and to fellow students. Please avoid the use of cell phones and restrict eating to outside of the classroom. Opinions held by other students should be respected in discussion, and conversations that do not contribute to the discussion should be held at minimum, if at all.

STUDENTS REQUIRING ACCOMMODATIONS
Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

NETIQUETTE COMMUNICATION COURTESY
All members of the class are expected to follow rules of common courtesy in all email messages, threaded discussions and chats, more information can be found at: http://teach.ufl.edu/wp-content/uploads/2012/08/NetiquetteGuideforOnlineCourses.pdf

ONLINE COURSE EVALUATIONS
Students are expected to provide feedback on the quality of instruction in this course by completing online evaluations. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students at evaluation results.
