Trombone Choir will be held weekly on Mondays from 12:50-1:40 PM in MUB 121, Trombone Studio Class will be held on Tuesdays at 10:40-11:30 AM, both are considered an extension of the private lesson. Attendance is required.

- Scales and Arpeggios (See Key of the Week Rotation)
- Lyrical Studies (Bordorgni/Rochut et al)
- Technical Studies (See new Key of the Week Rotation, Arban et al)
- Solo Work (Recital, Jury, or Competition Repertoire)
- Excerpt (Excerpt From Orchestral or Band Literature)
  or
- Jazz Standard (Melody, Chord Changes, or Solo Transcription of Jazz Standard)
- Clef Study or Duet
- Sight-reading
- Tune of the Week/Month

- Slur Exercises

**Lesson Content and Procedures (Taken from course proposal)**

Technical skill: Skill levels are assessed and techniques for improvement of deficiencies are demonstrated. Repertoire and/or exercises (scales, etudes, etc.) appropriate for the improvement of skills are assigned. Students demonstrate their understanding of the techniques for improvement through its application to the repertoire and/or exercises assigned.

Musicianship (Dynamics, Rhythm, Phrasing, Expression, Style): Exposure to repertoire and level of musicianship is assessed. Repertoire designed to fill deficiencies is assigned. Principles of musicianship appropriate for the assigned repertoire are discussed and demonstrated. Students demonstrate their understanding of those principles through the application of the principle to repertoire performance.

Sight Reading: Sight reading materials are chosen. Common elements and organizational patterns are identified. Performance is attempted and analyzed with recommendations for improvement.

Additional Dates Forthcoming

Practice Requirements: Regular, Daily Practice is crucial to your development and improvement.

**Accomplishing your goals in your practice time is of the upmost importance**, therefore, there is no set required time amount and efficiency and results are more important than time suggestions; however I have listed below some suggestions for minimum times (times listed here do not include listening time, this is actual “horn-on-face” time outside of ensembles):
- Music Education Majors: 2-3 sessions per day totaling 1 1/2 to 2 hours, minimum, plus listening time
- Music Performance and Majors: 2-3 hours per day, minimum, plus listening time
- Non-Majors and Secondary Instruments: 30-45 minutes per day, minimum, plus listening time

The above listed times do not include ensemble rehearsal time and/or listening time and score study.
Private practice takes place before, after, in addition to, and outside of, ensemble rehearsals!
Your practice time should be scheduled just as a class is. It must be planned into your daily/weekly/monthly schedule.
If you wait until “you get around to it”, “when you have time”, “when you feel like it”, or “when you don't have anything else to do” your productivity and playing will suffer! “First, no one will notice; then, you will notice; and finally everyone will notice!” Plan ahead, be productive and you will improve.

Assignments: (NASM Requirement) Three levels of enrollment reflect the following minimum practice amounts:
- (Enrollment is determined by option and concentration) 1 credit hour enrollment = 1 hour daily practice; 2 credit hour enrollment - 2 hours daily practice; 4 credit hour enrollment - 3-4 hours daily practice

Attendance and Scheduling: Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies that can be found at:
Private Lessons will begin the week of Monday, August 27th of the Fall 2018 academic term.
It is your responsibility to sign up for lessons in advance. Sign up for lesson times promptly. Be on time for scheduled lessons and knock on my door when it is time for your lesson. (Please wait for a break in the phrase or a moment of silence to knock. Be Courteous to your teacher and peers.)
A student who cannot attend a scheduled lesson must notify me AT LEAST 24 hours in advance: otherwise, except for accident or illness immediately preceding the lesson, the right to make up a lesson is forfeited.
The following are considered an extension of the lesson in terms of attendance and grading:
- Studio Class, Brass Faculty Recitals, Guest Artist Masterclasses and Recitals, Studio Recitals, and Trombone Chair Events, as well as BRASS
Effects grading in the same way as an unexcused absence from a lesson. An applied instructor has no obligation to make up a lesson if the student signs up late, or fails to show up for a scheduled lesson. Lessons that need to be rescheduled due to absence of the teacher will be made up promptly at the mutual convenience of the student and teacher.

Communication, Materials, Binder: Please respond to any and all communication from the instructor in a timely and professional manner. It is the student’s responsibility to acquire all music required and to bring materials to lessons. Each Student will maintain and develop a binder to contain materials related to performance pedagogy that the teacher will distribute in the form of handouts. The binder will also contain the course syllabus, assignment and practice log, a notebook (for taking notes in lessons, reviewing lesson and performance recordings, as well as for private practice), and other materials. Bring the binder to every lesson. Keep note paper available in your binder to take notes and track your assignments from week to week.

Recording and Reflection: I encourage all studio members to record lessons. I would prefer for logistical reasons if each student use their own portable recording device. If that is not possible I will record each lesson and transfer it to you via Dropbox or Microsoft One Drive. It is also a requirement that you record any public solo or chamber music performance in which you participate. It is important that you listen to each lesson and performance recording in order that you may reflect on the state of your progress. Take notes as you listen and bring them to your next lesson so that we can discuss this reflection and revise our lesson and study plans to better suit your needs. I will see to it that studio recitals are recorded. It will be your responsibility to see that your performances in brass area, convocation, and degree recitals is recorded. If you don’t own your own digital recorder ask a friend nicely to help you record on their equipment. For degree recitals you may request in advance that the recording studio record your recital (for a fee). I recommend this; however, if it is not a financial possibility then please arrange another way to record your performance; however, do not depend on the studio teacher to be your recording engineer.

Evaluations: Students are expected to provide feedback on the quality of instruction in this course by completing online evaluations at https://evaluations.ufl.edu. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students at https://evaluations.ufl.edu/results/.

Accommodations: Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, www.dso.ufl.edu/drc/) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

Jury Information: All students enrolled in applied music studies must demonstrate performance skills on their primary instrument at the end of each semester of study. This performance exam is called a jury and takes place during finals week. Brass faculty members will hear juries and assess each student’s progress. Each faculty member assigns a grade and provides a written critique of the performance. Grades are averaged into a jury exam grade and constitute a portion of the grade for the semester. Students will perform prepared repertoire, scales, and sight-reading at the jury.

Grading Policy:
Information on current UF grading policies for assigning grade points:
https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx

Studio Specifics: Weekly Grade Assessed on these criteria, see next page for further information
A work consistently shows clear evidence of substantial outside practice and a mastery of skills. Is exceptionally well prepared at all times. B work usually shows clear evidence of considerable outside practice and a beginning mastery of skills. Well prepared. C work shows evidence of outside practice but needs more outside work to improve skills. There is an attempt to master skills and some preparation is evident. D work shows evidence of very little outside practice and fewer improving skills. Failing work shows little or no preparation.

Assessment of objective achievement: Specifics on next page.
Performance at lessons 75%
Participation on departmental recitals/studio class 5%
Canvas Assessments 5%
Memorization, Transposition, and Playing By Ear 5%
**Evaluation and Grading:**

The final grade will be based on the following criteria which is a composite of the following considerations:

Weekly lesson grade (See Previous Page) 75 Points

Based on:
- Lesson preparation and performance as demonstrated by private practice, attendance, organization, consistent effort, and professional decorum.
- Lesson Notes and Weekly Recording Review
- Maintaining and developing Binder or Lesson Materials

**Recital Policies, Program Notes, and Recital Recording:** Plan ahead and select literature well in advance. Meet all accompanist and scheduling deadlines. Accurately number the measures of the piano score and solo part, then make a study copy of your accompaniment before submitting the original to your accompanist.

Please submit your complete recital program and recital program notes to the instructor **1 month prior to the recital.** The instructor will review them and suggest revisions. Please complete all final revisions of the program notes by **1 week prior to the recital.** The instructor will then print the program notes. The SOM Music Office will prepare the official recital program.

Please make arrangements well in advance for the recording of your recital, which is required. Submit your recital reflection on D2L after having reviewed your recital recording.

If the student is not demonstrating preparedness the instructor reserves the right to cancel the recital preview.

**Syllabus Updates:** This syllabus may be updated at any time during the semester. The instructor will notify all studio members of any potential updates or revisions.
