Required Text: *The Alexander Technique: The Essential Writings of F. Matthias Alexander* Selected by Edward Maisel
ISBN 978-0818405068

Course Description: This course is an undergraduate introduction to the Alexander Technique, a mind-body awareness technique that helps us to recognize, inhibit, and redirect the physical and mental habits that interfere with the body’s natural coordination and to consciously restore ourselves to a better functioning of the body as a whole. This knowledge of the “use of the self” will be an invaluable tool as you hone your craft as actors and dancers, both on the stage in performance and when you meet yourself in the practice room. The emphasis of this course, as much as it is possible, will be hands-on work with the teacher, in individual, small group, and workshop setting, providing you the tools for an individualized understanding of your body and your particular habits. These experiences will be further supported by a theoretical study of the fundamental principles of the technique based in reading, discussion, self-observation, and peer feedback.

Course Objectives:
- To understand the fundamental principles of the Alexander Technique in both theory and practice
- To apply the principles of awareness, inhibition, and direction to activate your Primary Control through the use of constructive thinking as defined by F.M. Alexander
- To apply the Technique to everyday life activities, as well as to your craft as actors and dancers during both practice and performance
- To learn basic anatomy and physiology of the body in terms of a good use of the self and how the parts of the body work together to create a holistic use of the body

Private Lessons: I will have office hours scheduled for students to come for additional free 30 minute individual lessons with the teacher. These are reserved on a first-come, first served basis. I will send an email at the beginning of each week where you can sign up for slots, as well as the location.

Late/Make-Up Work: Assignments are due on the date specified on the class schedule unless otherwise discussed. Assignments that are late will have 5 percentage points deducted per day late. Assignments over a week late will receive zero credit.

Attendance Policy: Attendance to this class is mandatory. This class requires that you have hands-on work with the teacher and explore concepts and experiences with your peers. This will only be possible if you are in class. You have 3 absences for this class during the semester, to be used with the utmost judiciousness, if at all. (Note: all absences with the exception of jury duty and military service are considered unexcused.) If there are emergencies or unexpected problems, please contact me ahead of time (cell 617.797.9142) or see me before or after class. If you have a medical absence due to sickness, please follow the University policy regarding documentation. https://catalog.ufl.edu/UGRD/academic-regulations/attendance-policies/

*** After 3 absences I will deduct 5pts from your final grade per absence whether it is excused or unexcused.

Work Clothes: If wearing a dress or skirt, please make sure that it is long or that you are wearing leggings underneath. Be prepared to take your shoes off. If this means you would prefer to wear socks, then please bring socks.

Class Demeanor: Students are expected to arrive to class on time and behave in a manner that is respectful to the instructor and to fellow students. Please avoid the use of cell phones. There is no eating in the classrooms. This is a space where we will need to step out of our comfort zone and try new things. It is very important the we are supportive of each other. Trust is a two way street. In order to be successful in this technique, you have to break yourself open and not be afraid to look at reality. This can be physically, emotionally, and psychologically difficult work. We need to have a protective spirit for each other. Please remember this every day we are in class together. We will celebrate each other’s triumphs and pick each other up when we fall.

Students Requiring Accommodation: Students with disabilities requiring accommodations should first register with Disability Resource Center (352-392-8565, www.dso.ufl.edu/drc) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

Course Evaluation: Students are expected to provide feedback on the quality of instruction in this course by completing online evaluations at https://evaluations.ufl.edu. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students at https://evaluations.ufl.edu/results/.
Materials and Supplies
Fees: There are no additional fees for this course.

University Honesty Policy: UF students are bound by The Honor Pledge which states, "We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Honor Code (https://www.dso.ufl.edu/sccr/process/student-conduct/honor-code/) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor.

Counseling and Wellness: Contact information for the Counseling and Wellness Center: http://www.counseling.ufl.edu/cwc/Default.aspx, 392-1575; and the University Police Department: 392-1111 or 9-1-1 for emergencies.
