1. Be on time for class. One absence is permitted during the semester.
2. Two tardies will be considered as one absence.
3. Two reports:
 - I. Research on the composer, historical background, and format of your performance piece.
 - II. After the final concert, a self-analysis of your performance based on the materials learned from class.

Both reports should be no longer than two pages.

4. You are required to have:
 - 6 one-hour rehearsals (instrument) or 5 one-hour rehearsals (voice)
 - 1 private lesson with soloist's studio teacher

Each student must perform twice in class with the soloist: one by October 15 and the other by November 5. All students must perform in the dress rehearsal on November 12 (Periods 3-4) and the final concert on November 19, Tuesday at 5:00 pm in #101. If you fail to keep the class performance dates, I will deduct 5% from your total score for your class performance. I will NOT hear more than 5 groups in class.

A student who accompanies a *vocalist* should select minimum *three pieces* and perform them in class, but only two selected pieces are required to perform in the final concert.

5. Each student needs to keep a log of rehearsals, lessons, accompanying coaching with the signatures of the soloist and his/her studio teacher and ***submit the log by November 18 at 12 pm by putting it in my mail box or sending it through email.*** An incomplete log will cost you up to 5% of your total grade.
6. The office hours: by appointment.
