Course Components for Evaluation

- **Assignments (55%)** – Students will have assignments to prepare for class. These assignments will consist of melodies and/or rhythms to prepare to sing. These assignments are a major part of your grade and they will help prepare you for the tests. Keeping up with the assignments will make the tests much easier. Assignments for unexcused absences (See Attendance Policy and Missed Assignment/Test Policy below) will not be made up.
- **Dictation Tests (15%)**—students will take three (3) dictation tests over the course of the semester. Dictation tests will feature sections covered in class from the Benward/Kolosick ear training manual. The student should refer to the course outline to see which sections from the manual will be tested. Students are required to complete dictation tests with a pencil. *Outside practice is necessary for success on these dictation tests.*
- **Rhythmic Sight Reading Tests (15%)**—students will take three (3) rhythmic sight reading tests over the course of the semester. For each test, students will have to execute one rhythmic example at sight by “tah-ing.” Through in-class drilling of rhythm and outside of class practice, students will have sufficient preparation for these tests.
- **Sight Singing Tests (15%)**—students will perform three (3) sight singing tests in class over the course of the semester. Students will be tested from prepared examples (see course outline)
and will have an additional component as well (i.e. singing a major scale provided a starting pitch, short musical example, etc.).

- **Moveable do** will be used for all in-class practice and demonstration. Students should use the **moveable do system**. If a student has extensive experience in fixed do sight singing, students may use that system on tests, but not in class.
- Every student will be given feedback on the tests.

**Course Policies**

- Students are expected to come to class **on time** and prepared from sufficient work outside of class. Students are permitted **three (3) late arrivals** to class; any late arrivals after three will result in assigned absences (see attendance policy below).
- Students are expected to come to class prepared with the appropriate materials (i.e. pencil/manuscript paper/textbooks) for each class session.
- Students are strongly encouraged to use online resources (as shared with students by the instructor), programs in the Music Computer Lab (MUB 147), and any other ear training resources to aid in their preparation and understanding of materials presented in class.
- Students are expected to participate throughout the entire class and to be both physically and mentally present.
  - Students should leave their cameras on during the entire class.

**Communication Policies:**

How can you contact me?
How can you use my office hours?
- This semester, my office hours will be by appointment and mostly online. I prefer talking in person, but I don’t expect that to be an option this fall.

What kind of communication is expected of you?
- In every interaction throughout this course, you should strive to speak with empathy and understanding. We may have students with very different backgrounds and experiences, which you are encouraged to value for the variety of perspectives that brings us. Please consider how your classmates may interpret your words before speaking and strive to be respectful and inclusive of everyone.
- Students are strongly urged to confer with the instructor on their progress or any issues or questions regarding the course. Also, students are encouraged to seek out help from the Teaching Assistant.
  - Do not wait until the end of the semester to consult the professor and/or Teaching Assistant if you are encountering difficulties!
- Students are asked to not email the professor or TAs or use office hours to review material missed due to absence/tardiness (exceptions: illness/religious holidays/extenuating circumstances). TA and instructor office hours should be available for students who need extra assistance outside of class, not for repeating material that was missed in class.

**Attendance Policy:** Attendance is crucial for building aural skills, especially since this course’s material builds upon itself.

- Attendance is mandatory for this course; however, every student will be permitted four (4) absences to use at their disposal without penalty. After four absences are reached, each additional absence will result in a deduction of 5% from the overall grade.
  - Absences missed due to religious holiday or religious practice will not count against the overall allotted absence amount.
- Absences assigned due to violating the late arrival policy will count towards the attendance policy.
- Students should keep track of their number of absences, but if you are unsure, please ask.
- Extreme medical, family, and/or personal hardships encountered that result in many absences must be brought to the instructor’s attention ASAP and may require supporting documentation (from the UF VP of Student Services) in order for the instructor to consider the student’s earned grade without applying the absence penalty. In such an instance, there are resources available. Please see the “Policies and Resources” page on Canvas.

**Missed Assignment/Test Make-up Policy:**
- In order for the student to make up a test, the instructor must receive notification from the student of an illness/emergency as soon as possible.
- Tests may be made up if the student has one of the excuses below:
  - Verifiable Illness (confirmed by a health care provider/printout from student health care center/notification from registrar) or verifiable emergency (with documentation).
  - School-sponsored trips/activities (bring a note from your instructor before the absence and schedule a make-up test before the trip).
An absence on a test date discussed with the instructor and excused in advance (make-up test must be scheduled before the absence).

- A religious holiday or religious practice.
- If portions of a test are missed due to a late arrival that does not meet one of the conditions above, the student will not be offered the opportunity to make up the missed portions.
- It is the student’s responsibility to contact the instructor to make up a test. If a student does not schedule a make-up test within one week of the missed test, he/she will not be extended a make-up opportunity and will receive a zero on that test.

Students Requiring Accommodations
Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, www.dso.ufl.edu/drc/) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

Course Evaluation
Evaluations help me improve my teaching. They are also required for my evaluations by the school director and the university. Please provide feedback on the quality of instruction in this course by completing online evaluations at https://evaluations.ufl.edu. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students at https://evaluations.ufl.edu/results/.

University Honesty Policy
UF students are bound by The Honor Pledge which states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Honor Code (https://www.dso.ufl.edu/sccr/process/student-conduct/honor-code/) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.
