Attendance Policy. Attendance is critical to your success in this class. The following policies apply:

1. Attendance in the synchronous class meetings is required unless other arrangements have been made with the instructor. You are expected to be logged in and online when class begins.
2. The student is responsible for all material missed during an absence.
3. It is the student’s responsibility to inform the instructor immediately about excused absences.
4. Assignments and class work missed during excused absences must be made up within a timeframe determined by the instructor.
5. Only three unexcused absences will be permitted. Three unexcused tardies constitute an unexcused absence.
6. Each unexcused absence beyond three will lower the student’s course grade by 3%.

Zoom policies. I encourage students to have their video on during class. It is not required, as there are any number of valid technical and personal reasons why one may not wish to do so. But I suggest you have your video on if possible, as I believe it will help you in many ways. It will be much easier for us to get to know you and understand you as a student if we can put a face with the name. It will help you to stay engaged in class, and will help make the virtual classroom more “real” and feel like a community.

Our class sessions may be audio-visually recorded for students in the class to refer back and for enrolled students who are unable to attend live. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate orally are agreeing to have their voices recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the “chat” feature, which allows students to type questions and comments live. The chat will not be recorded or shared. As in all courses, unauthorized recording and unauthorized sharing of recorded materials is prohibited.

Cell Phones. The use of cell phones during class is not permitted. It is not only the instructor’s right, but their responsibility to remove obstacles to learning. Cell-phone use interrupts the student’s concentration, is distracting to other students, and is distracting and disrespectful to the instructor.

Academic Honor Policy. UF students are bound by The Honor Pledge which states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Honor Code (<http://www.dso.ufl.edu/sccr/process/student-conduct-honor-code/>) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

Disability Accommodations. Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, www.dso.ufl.edu/drc/) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

Course Evaluations. Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <https://gatorevals.aa.ufl.edu/students/>. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://ufl.bluera.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.aa.ufl.edu/public-results/>.
