Class Attendance

Prompt and consistent attendance is a fundamental aspect of professionalism and essential to the success of both students and teachers. University policies regarding excused absences in cases of illness, serious family emergency, military obligation, severe weather, religious obligation, official University activities, and court-imposed obligations will be followed in this course. Anticipated absences must be documented and approved by the instructor in advance. Students are responsible for contacting Dr. Hartz prior to the start of class in the event of an unanticipated emergency. ***Students will be afforded two excused absences without penalty. Each additional absence will result in a 3% lowering of the final grade for the course.*** In accordance with University policy, students will be afforded a reasonable amount of time to make up work missed due to an excused absence. It is each student's responsibility to make arrangements to complete missed work. Additional information regarding University attendance policies is available at: <https://catalog.ufl.edu/UGRD/academic-regulations/attendance-policies/>

Musicians understand that arriving prior to the beginning of a rehearsal is essential to being prepared to begin on time. Class will begin every day promptly at the appointed time. Being on time will be defined as being in place with materials ready. This will require arriving prior to the start of class. ***Three late arrivals will result in the same final grade penalty as an unexcused absence (3% penalty applied to the final course grade).***

Communication

Students are expected to check their UF email account daily for course announcements. All communication is expected to be professional and courteous. When contacting a professor, TA, or classmate, begin your email with a greeting and sign your name at the conclusion of the message. If you send an email during the week (M-F), you can expect a reply within 24 hours (barring extenuating circumstances). In addition, all members of this course are expected to regularly check the Canvas page, since all course information and materials will be housed there.

Assignment Completion and Submission

Completing work thoroughly and on time is another fundamental aspect of professionalism essential to success as a student or teacher. Assignments are due on the announced due date. Students will be afforded a one-week grace period for all assignments during the first 14 weeks of class. Students requiring more than one week to submit an assignment may request an extension prior to the original due date and will be granted up to one additional week. Extensions

will be limited to two (2) per student per semester. *Extensions will not be granted during the final week of classes.* Since students do not master skills at the same pace, students are encouraged to ask for additional time, help, and modifications as needed to complete assignments. Please make arrangements with the instructor if you experience extenuating circumstances that you feel necessitate any modification to an assignment or due date. Due dates published in this syllabus are subject to change based on the progress of the class.

Students Requiring Accommodations

Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, www.dso.ufl.edu/drc/) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.
