ART 4505 and ART 4312 Advance Painting and Drawing

Advance Painting and Drawing is designed to develop independence, self-motivation, and artistic maturity in an open studio environment. The course builds on existing skills in painting or drawing and facilitates the student in their pursuit and development of personal themes for studio work and professional practice. Students will work towards relating conceptual ideas to technical skills as well as exploring a range of media to define content. Closely mentored, this autonomous exploration will incorporate direct reference to art historical methodologies, (utilizing reproductions of artwork, readings, online research and books consulted in class). Alongside day-to-day studio-work, a commonplace book for steady ideation, problem solving, research, writing artist statements and response papers and professional presentations are major components of the course.

Objectives

- To hone your artistic voice through the development of a thematic body of work.
- To refine critical-thinking and verbalization skills through class critique of studio work and discussion of individual research and reading material.
- To develop an intellectual foundation for ongoing engagement in the discipline and potentially further study at the graduate level.
- To research and expand your knowledge of art and artists, writers and curators who challenge and champion your discipline historically and in the twenty-first century.
- To take responsibility for the initiation, planning and execution of both visual and written research.
- To strengthen your engagement with the discipline in preparation for future endeavors including exhibitions, residencies, employment or further studies at the graduate level through the creation of a professional portfolio package including an artist website.

Requirements:

Your grade will be determined by the following:

- **50% Studio Projects** – this semester long project includes all aspects of your studio practice, your process, habits, rigorous pursuit of improvement and material exploration, artist study inside and outside of your sketchbook, maquettes and ultimately finished work presented professionally at critique. This work will be guided by your Project Plan contract due Jan 18.

- **50% Studio Research**
  - 10% Commonplace Book Semester long project
  - 10% Sketchbook (4 checks during semester)
Class Hours / Studio Time
This six-credit hour class format consists of six class hours of instructed time and six scheduled hours of Friday individual class time. You are responsible for twelve hours of class time and AT LEAST an additional twelve hours outside of class time each week. That’s a minimum of 24 hours devoted exclusively to this class each week. Students will develop an ambitious semester long research agenda that represents a minimum of 350 studio hours. The grade you earn will also reflect this time and effort. Enrollment in this course indicates your commitment to your artistic development and growth and I will hold you accountable to your potential. Cooperation, hard work, dedication, creativity, motivation and being open to input and new ideas are essential components of the course.

Part of class time will be spent on reading discussions, critiques, lectures and presentations. The balance of time will be dedicated to developing your individual projects and your professional and intellectual development.

There will be four critiques. Work must be new and an artist statement regarding the presented work is due via email 24 hours in advance of critique. Work must be presented in a professional manner so plan your installation needs in advance. Informal tutorial critiques will be occur as needed and upon request. In addition, guest faculty may conduct studio visits during the semester. The scope, size, and scale of each project will depend on the individual student project and will be discussed with the instructor in advance.

Studio Log
350 Logged studio hours – your studio log should be posted and easily visible in your studio. Pin the log to my office door at the end of class every Friday.

The course focuses on your immersion into your art practice and provides an environment for you to explore and experiment with your ideas in great depth. Your best effort is expected, as will a constant striving to reach beyond your expectations. As senior students your incentive to perform successfully in this course should exceed the simple desire for a high grade, rather, your efforts should reflect your interest in the material and your commitment to your artist development. The quality of work you put into your studio practice, the conscientiousness with which you read and digest material, the initiative demonstrated in your contributions to class discussions, and the attention you give to the discussion of other students’ work all reflect your commitment to your artistic development.

Course Policies

Attendance Policy
Attendance is required. Be on time, prepared to work, with the proper materials and research needed for class, there will be no deviations from this policy.

Studio courses require intensive work and diligence. Your energy, initiative, attitude, productivity, informed and considered opinions are all vital components of the classroom environment therefore, your attendance is required.

• Three or more absences will result in the lowering of the final grade by one letter and late work is not accepted.
• Six absences will result in a failing grade. An absence does not constitute an extension of an assignment.
• Class begins at 8:30, arriving after 8:30 is arriving late, three late arrivals will result in one absence.
• Lateness of over 30 minutes or early departure, sleeping in class, working on non-course related work during class are all considered an absence.

All work must be complete and installed before the start of critique. Late work is not accepted.

FAC Shop Orientation
If you have not yet attended one of the woodshop orientations, you must due so within the first three weeks of class. Spring 21 Wood shop hours to be announced.

Evaluation
A Extremely well presented exceptional work. Exceptional work demonstrates a full realization of the ideas put forth in assignment, and more. This ‘extra’ should be the student researching projects by looking up artists mentioned in slide talks, asking questions about artists works/ideas, and being thoroughly engaged with the work to the point of working on your own pieces/ideas and not just doing the minimal expected from the class syllabus. Further, participation in an intelligent analysis of the work including both form and content. Discussing points in the work of you and your peers is expected during the critique sessions. Excellent attendance (none or one absence per semester)
and no lateness. Clearly projected enthusiasm and joy in the subject, an inquisitive, curious mind, and, finally, a desire to learn and grow as an artist.

B Well presented very good work. Very good work demonstrates a sound and competent realization of the ideas put forth in each assignment. This work conveys an understanding and intelligence, which would only be lacking in the ‘special’ characteristics mentioned in ‘A’, above. Participation in critique, attendance, and enthusiasm apply throughout.

C Well-presented, average work. Average work demonstrates a fairly good attempt at grasping the expectations of each given assignment, and the break down of the particular specifics, (material experimentation and handling, idea development, etc., whatever has been discussed prior to assignment). This work lacks a competent, comprehensive understanding mentioned in ‘B’ above. Participation in critique, attendance, and enthusiasm are expected, as they would be in the earning of any letter grade.

D Inadequate work: Extremely poor and/or half-finished work with no care or attention to the assigned problem or presentation. In addition, when someone has missed an enormous amount of classes, (three and above) and has failed to complete assignments, or keep up to date with the studio-based syllabus.

E When someone stops coming to class and stops communicating with instructor. This is a severe grade and is usually given in severe circumstances.

Grading Scale
a 95-100, a- 94-90, b+ 89-87, b 86-84, b- 83-80, c+ 79-77, c 76-74, c- 73-70, d+ 69-67, d 66-64, d- 63-60, e 59-0

Course Textbook
A Giacometti Portrait, James Lord
Essays will be provided via E-Learning courseware.

Visiting Artists Program
SA+AH runs an extensive Visiting Artists’ Program. Internationally and nationally respected artists, curators, collectors, and critics are invited to lectures and provide studio visit, critique sessions, each semester. The schedule for these events is on CANVAS. You are required to attend a minimum of three artist talks this semester and write a one page response paper to the lecture. The paper is due no less than 7 days after the lecture attended.

Galleries
Samuel P. Harn Museum of Art, located in the Cultural Plaza on campus, has a permanent collection of more than 6,000 original works from around the world. More excellent venues include Sante Fe Community College Gallery, Reitz Union and Thomas Center Galleries, and provide an excellent opportunity to see diverse works of art directly, not in the secondary slide or book format. Your goal is to attend no less than two gallery or museum exhibitions and reflect on the visits in your sketchbook.
