Course Description:
Practicing the fundamentals of Kristin Linklater’s voice production allows students to focus intensely in exploring their sense of “self” through identity politics, poetry, and heritage stories. Actors will cultivate vocal ease, power, range, stamina, and responsiveness to impulse. Vocal anatomy and physiology are covered and the actor builds a personal regimen for vocal health and stamina. The program includes concepts and exercises from Kristin Linklater, Moshe Feldenkrais, and F. M. Alexander.

Course Statement to disrupt race, class, sexual orientation discrimination:
Diverse languages and dialects are welcome in this classroom. As we communicate with one another, keep in mind that the reader/listener should work as hard as the writer/speaker in the communication process. This means that we will listen patiently, work to understand one another, seek out clarification when necessary and avoid finishing each other's sentences or correcting grammatical errors unless invited to do so.

Course Goals:
- Begin the progression of Kristin Linklater’s Freeing the Natural Voice to improve the actor's vocal production by releasing tension, connecting to the breath and opening the actor's natural resonance.
- Discover the barriers you or certain groups face in the struggle for equality.
- Examine writings, videos, and poetry that address racism, gender, sexuality, patriarchy, and feminism shape the way (primarily Western/American) ideology operates.
- Develop internal and external awareness.
- Develop your actor’s process including considerations of awareness, judgment, discipline, curiosity, and a whole-self approach to creative work.
- Discover the efficiency of alignment, breath, and sound.

Learning Outcomes:
- Develop compassion and understanding as well as examining prejudices that hinder human beings from relating to one another.
- To identify physical vocal habits and original speaking pattern.
- Learn vocal anatomy and optimal vocal alignment.
- Develop a personal physical and vocal warm-up.
- To improve vocal production by releasing tension, connecting to breath, and opening resonance.
- To develop a physical awareness of breathing and eliminating tension in the actor’s instrument.
Course Overview:
This course aims to address the voice in the context of human communication. Students will explore a progression of exercises developed by Kristin Linklater that aims to free, develop and strengthen the voice. The objective, as stated in Freeing the Natural Voice, is "a voice in direct contact with emotional impulse, shaped by the intellect but not inhibited by it." Voice work will progress from physical awareness, the discovery of sound in the body to opening the channel for sound and the exploration of resonance and vocal freedom. Students learn text and imagery exercises and apply these skills to their Poetry and Heritage Stories in their final presentation. This class is a playground for the creative imagination, a boot camp for the actor's instrument, and a laboratory for the actor's process. Explorations include body-and-voice based approaches to acting and creating actor-generated original work in addition to applying these new skills and technique to texts.

Personal Statement:
My primary goal in voice training is to reacquaint you with the tools of physical and vocal expression that is your birthright. I am acutely aware of how traditional voice and speech training practices were created for a majority white population of theater artists and how they do not enhance minority students' experiences. Therefore, I am committed to continually interrogating my course curriculum and practices to include diversity, equity, and inclusion topics in order to carefully create a supportive setting.

Required Materials:
Yoga mat, Notebook

Recommended Materials:
Vocal Vibrator (by November 1st)

Vibrant Voice Technique – created by David Ley and Elissa Weinzimmer. Vibrant Voice Technique uses a vibrating device to quickly and effectively enhance vocal resonance and reduce the muscle tension that can lead to vocal fatigue.

**Class Participation and Professionalism**
20% of your grade for this class is based on your Participation and Professionalism in discussion and the physical explorations. Participating in the physical component of the class, means having a positive and rigorous attitude with exploring new work. It means arriving early, suited up, and ready to move right when class starts.

Participating in discussion does not necessarily mean talking a lot or showing everyone else that you know or have studied a lot. ‘Good discussion’ participation involves trying to build on, and synthesize, the physical experience that has transpired. It also involves showing, respect and appreciation for others’ comments and contributions and learning how to “agree to disagree”.

**Work Expectations** You will have to plan on reading, watching videos, and/or practicing your voice/acting exercises outside of class. A good general rule is to spend two to three hours studying—practicing, reading, taking notes, for each credit hour. Examples of how to manage your time include:

1 credit is 2-3 hours of homework outside of class / 2 credits is 4-6 hours of homework outside of class / 3 credits is 6-9 hours of homework outside of class

4 hours or 240 minutes of homework = 48 min of practice for 5 days a week
5 hours or 300 minutes of homework = 60 min of practice for 5 days a week
6 hours or 360 minutes of homework = 72 min of practice for 5 days a week

**Classroom Behavior** Please keep in mind that your classmates come from diverse cultural, economic, and ethnic backgrounds. Some of the texts we will study engage controversial topics and opinions. Diversified student backgrounds combined with provocative texts require that you demonstrate respect for ideas that may differ from your own. Disrespectful behavior will result in dismissal, and accordingly absence, from the class.
**Dress:**
Please wear clothing in which you can breathe and move easily as this course will frequently involve floor-work and expansive movement.

**Touch:**
At some points during the course work, it may be helpful for me to place my hands on your body to facilitate your release of tension, assist with alignment, or to bring awareness to a specific place in your body. This touch is not meant to make you feel uncomfortable or nervous and will always occur with your permission.

**Students Requiring Accommodations**
Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the Disability Resource Center. It is important for students to share their accommodation letter with their instructor and discuss their access needs, as early as possible in the semester.

**Course Evaluation**
Students are expected to provide feedback on the quality of instruction in this course by completing online evaluations. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students on the Gator Evals page.

On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Honor Code specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

All faculty, staff, and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.
