After completing this course, students will (1) demonstrate familiarity with the history and terminology of typography through quizzes, writing, and/or presentations, (2) understand and be able to use the specialized vocabulary of typography, (3) understand and be able to manipulate the power of type to shape meaning, and (4) understand and be able to apply the basic principles of typographic design to visual communication in a variety of print and screen based contexts.

REQUIRED MATERIALS

In order for you to fully participate and meet course learning objectives, students taking graphic design courses are required to have appropriate hardware, software and access to the Internet. See this website for more details regarding hardware, software, specifications, and some purchasing options, including discounts for UF students.

Because computer access is an institutional requirement, computer costs are designated as allowable costs for students who qualify for Financial Aid. Accordingly, Student Financial Affairs has added costs for access to a computer into budgets. For more information, contact your financial adviser in the Office of Student Financial Affairs directly.

GRADING SCALE

The grading scale for this course is consistent with the current UF policy for assigning grade points, written below as Letter grade / GPA points / Percent. Please note, the Graphic Design BFA major requires a C or higher and the Graphic Design Certificate requires a grade of B or higher in this course.

Letter	A	A-	B+	B	B-	C+	C	C-	D+	D	D-	F
GPA	4.00	3.67	3.33	3.00	2.67	2.33	2.00	1.67	1.33	1.00	0.67	0.00
Percent	100 - 95%	94 - 90%	89 - 87%	86 - 83%	82 - 80%	79 - 77%	76 - 73%	72 - 70%	69 - 67%	66 - 63%	62 - 60%	59% or below

QUIZZES

Four quizzes are scheduled (see course calendar) and will cover material from classroom lectures and assigned readings. This includes typographic terminology, systems of measurement, letterform anatomy, type families and styles, classification systems, and typeface identification. All four quizzes are equally weighted and the cumulative average of all quiz scores is worth 10% of the final grade in the class.

ATTENDANCE

Attendance is required for this class. You can miss two class days without penalty. Two late arrivals (after class begins) or early departures (before class is dismissed or ends) equal one absence. All unexcused absences after the first two cost -5 points each from the final grade in the course. More than 6 absences of any kind – missing more than 3 weeks of class – equals automatic course failure unless we make documented accommodations in advance.

To receive an “excused” absence, you must do one of the following: (a) notify the instructor before class begins that you will not be able to attend class; they can make arrangements as/if needed for you to participate remotely. (b) notify the instructor after class begins and provide official documentation of a university-sanctioned reason to receive an excused absence. Military service, varsity sports travel, and illness are common excused absences when documented by a written note from a commanding officer, coach, or doctor. Regardless of the type of absence, you are still required to complete assignments, so it is vital that you contact the instructor as soon as possible to discuss your options. It is your responsibility to keep track of your attendance record in Canvas. Requirements for class attendance, make-up exams, assignments, and other work in this course are consistent with university policies. Along with more information on how UF assigns grade points, you’ll find these by visiting: <https://catalog.ufl.edu/graduate/regulations/>

STUDIO PROJECTS PREVIEW

60 percent of this course is based on 3 major studio projects. There is a fourth optional project worth up to 10 points added to your final grade. Details are posted to Canvas. Reminder: all of your work must be 100% yours; do not look at the Internet for “inspiration”. The academic honesty policy fully applies.

PROJECT 1: LOCAL LETTERMARK

Goal: Arrange, edit, and manipulate letterforms so that the words they spell communicate a pictorial idea that suggests that meaning of the word.

Deliverables: Proofs of 12 solutions, chosen from your personal library of at least 36 word-pictures; 4 finalized solutions; one animated .gif that translates one selected word-picture (of the 4) into a motion-based solution. Digital copy will also be due to Blackboard.

PROJECT 2: TYPOGRAPHIC PACKAGING RE-MIX

Goal: Using only a single type family and no image information, re-brand and re-design the packaging for an item purchased for \$2 or less. The re-design should have a conceptual goal, which might center around critique, visually addressing a niche market, or shifting the target audience for the item.

Deliverables: 3D packaging mock-up, five digital photographs.

PROJECT 3: DESIGN HEROES SCREENS

Goal: Design 4-5 iPad Pro screens for display online introducing a “design hero” to an audience of graphic designers. Assets: two typefaces; one image; written content as described in project brief.

Deliverables: A PDF of the static content, a .gif of the “splash screen” animation at 800px wide, and an interactive PDF with an .mp4 version of the animation embedded in the first page, set to auto-play.

PROJECT 4: DAILY DROP CAP CHALLENGE (OPTIONAL, +10% EXTRA CREDIT)

Goal: Become familiar with letterform construction. Experience letterform anatomy through studio making. Process many ideas quickly by sketching. Work efficiently to produce a solution. Solve design problems every day. Produce a series of work for your portfolio.

Deliverables: One drop cap, posted to Instagram, Monday through Friday between 8/30 and 12/01 (except for days when UF classes do not meet due to holidays).

COURSE POLICIES

BEST PRACTICES

Active engagement is expected every time the class meets. This means sharing your thoughts and work progress in as part of:

- + In-class discussions: that require you to add your own ideas and points of view to the conversation based on previous completion of assignments.
- + Follow-ups and report sessions: that require you to show the on-going process of your research and creative activities.
- + Feedback sessions: that require you to comment on the work of your peers and to listen to the constructive comments and suggestions other students offer you. Document these sessions and reflect on how this feedback can improve your work.

Keep in mind the studio is our learning community: Collaborate, listen and share. Be open and constructive. Critique ideas, not people.

To enjoy an engaged meeting environment, cell phones should be turned to silent mode during class sessions.

Design requires intensive and smart work. If you do not make enough sketches, design iterations, prototypes, or just do the minimum, your work will reflect that, and this will be reflected in your grade. Quantity/Quality: Exceed the minimum, Seek critique. Innovation: Seek difference, not similarity.

DUE DATES

Just like in the professional world, due dates are firm and meeting them is critical. To earn full credit, assignments must be turned in when class begins on their due date. Late work loses 10% from the project grade for each 24 hour day it's late, including work that's turned in after class begins on the due date. Emergency situations should be documented in writing with an official excuse like a doctor's note when you return to school; alternative arrangements can be made in advance for non-emergency, university-approved situations like illness, university/military travel, or unsafe roads for commuters – just email the instructor before the due date to communicate what's happening.

ACADEMIC INTEGRITY

If you use words, images, or ideas that are not your own, cite them. Claiming the work of others as your own is a serious breach of professional ethics and will result in a failing grade in this class. The UF Honor Code specifies a number of other behaviors that are in violation of this code and the possible sanctions. View the Honor Code online.

TYPEFACES

For all projects requiring the use of digital typefaces, you must use professional type. This includes the typefaces in Adobe Font Folio Education Essentials (what you have if you're subscribing to Adobe CC through UF) and other professional typefaces, including typefaces available through Google Fonts and Adobe Fonts. Display type of your own creation is welcome when appropriate.

PROCESS

An engaged process of development is vital to successful graphic design practice. You can demonstrate commitment to process by: showing work during process critiques, participating in classroom discussions, actively seeking feedback about your work, communicating in a direct and professional way if you have concerns or questions, being punctual and prepared for all class meetings, and actively using each project to build skills and meet goals that are important to your growth into the kind of designer you want to be. If you let me know what these are, we can work together to make sure your project work lets you meet them.

CRAFT

Professional presentation skills are an important aspect of graphic design and poor presentation negatively impacts your project grades. You can demonstrate commitment to professional craft by: meeting industry standards for image resolution – 300dpi minimum for print, 72dpi for screen; meeting project requirements for size, materials, and file delivery; and taking care with cutting, folding, and gluing – no messy or loose edges, bent corners, pixelated or smudged prints, or sticky surfaces.

SAAH + UF POLICIES

HEALTH AND SAFETY

The goal of the SA+AH Health and Safety Program is to protect the health and welfare of all faculty, staff, and students and to cooperate with the University of Florida's Department of Environmental Health & Safety (EH&S). The SA+AH H&S policy and handbook is online here: <http://arts.ufl.edu/site/assets/files/37319/saahhealthandsafetyhandbook.pdf>

COVID-19

Regardless of vaccination status, the University of Florida expects everyone to wear masks at all times indoors as a precaution measure to prevent further transmission of the virus. Learn more on this page and on this one as well.

If a student has COVID or has had close contact with someone with COVID, they are expected to stay home, self-quarantine, and email the instructor to make specific accommodation plans. For more information, visit the CDC guidelines on how long to quarantine according to test results, symptoms and vaccination status: <https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/quarantine.html>

IN-CLASS RECORDING

Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.

A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.

ACCOMMODATIONS FOR STUDENTS WITH DISABILITIES

Students who experience learning barriers and would like to request academic accommodations should connect with the Disability Resource Center (352-392-8565, <https://disability.ufl.edu/students/get-started/>). Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

HARASSMENT

UF provides an educational and working environment that is free from sex discrimination and sexual harassment for its students, staff, and faculty (<http://www.hr.ufl.edu/eoo/sexharassment.htm>).

1 A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject. It does not include lab sessions, student presentations, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

2 Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third party note/tutoring services.

DISRUPTIVE BEHAVIOR

All member(s) of the University who intentionally act to impair, interfere with, or obstruct the mission, purposes, order, operations, processes, and functions of the University shall be subject to appropriate disciplinary action by University authorities for misconduct, as set forth in the applicable rules of the Board of Regents and the University and state law governing such actions. Be advised that you can and will be dismissed from class if you engage in disruptive behavior. For more information, visit: <http://regulations.ufl.edu/wp-content/uploads/2012/09/1008.pdf>.

TWELVE-DAY RULE

Students who participate in official athletic or scholastic extracurricular activities are permitted twelve (12) scholastic day absences per semester without penalty. In any case, it is the student’s responsibility to maintain satisfactory academic performance and attendance.

ABSENCES FOR RELIGIOUS HOLIDAYS

Students, upon prior notification of their instructions, shall be excused from class or other scheduled academic activity to observe a religious holy day of their faith. Students shall be permitted a reasonable amount of time to make up the material or activities covered in their absence. A student who believes that he/she has been unreasonably denied an education benefit due to religious beliefs or practices may seek redress through the student grievance procedure: <http://www.registrar.ufl.edu/catalog/policies/regulationattendance>

HONESTY POLICY

An academic honesty offense is defined as the act of lying, cheating, or stealing academic information so that one gains academic advantage. As a University of Florida student, you are expected to neither commit nor assist another in committing an academic honesty violation. Additionally, it is the student’s duty to report observed academic honesty violations. These can include: cheating, copying ideas, plagiarism, bribery, misrepresentation, conspiracy, or fabrication. You can find UF’s Student Conduct Code, here: <https://sccr.dso.ufl.edu/process/studentconduct-code>.

GATOR EVALS

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Visit this link: <https://gatorevals.ua.ufl.edu/students/> for guidance on how to give feedback in a professional and

respectful manner.
