COURSE DESCRIPTION

This course emphasizes design processes, methodologies, and communication theories in order to foster the relationship between content and meaning. Students will learn the fundamental processes that explore complex problems in art and design. This course will also teach fundamental principles of design and its application.

COURSE STRUCTURE

This course will include a combination of textbook readings, research from additional sources, analysis and critique of 'found' design, in-class workshops, and studio design production. Studio assignments will involve hand work and digital typographic design and illustration using Adobe Illustrator & Photoshop (InDesign may also be utilized). You are expected to attend all classes and participate in critique of your own and others' work. Work that isn't presented at critique will be considered late. Critiques will provide an opportunity to speak in detail about concepts and ideas, to identify mistakes and discuss possible alternative solutions, and to recognize what is working well in a project.

COURSE OBJECTIVES

- > Effectively manipulate the elements and principles of two-dimensional design
- > Create non-objective, abstract, and representational compositions
- > Develop inventive concepts using various problem-solving strategies
- > Critique personal and peer artworks, and propose alternatives
- > Research an idea and develop an extended series of related images

COURSE TOPICS

The projects, discussions, and activities during this class will provide opportunities to engage with the following topics:

- | | |
|---------------------|---------------------|
| > Brainstorming | > Research |
| > Branding | > Storyboarding |
| > Collaboration | > Storytelling |
| > Conceptualization | > Symbolology |
| > Critical thinking | > Technique + Craft |
| > Iteration | > Visual analysis |

TEXT & REFERENCES

There are no required texts, however, the following are recommended for this course:

- > Graphic Design: The New Basics (Chronicle Books)
by Ellen Lupton & Jennifer Nicole Phillips
- > Universal Principles of Design (Rockport Publishers)
by William Lidwell, Kritina Holden & Jill Butler

SKETCHBOOK / FOLDER

This is a collection of your progress both in and out of class. You are encouraged to record anything you find interesting in your sketchbook. The more entries you put to paper, the better. These entries can include sketches, photographs, interesting places, designers, thoughts, ideas, process, typography examples, etc. This sketchbook will help you to build ideas, and revisit past ideas. It's advised to have a separate sketchbook for this class. It will serve as part of your process and research on presentations for each project and other activities.

REQUIRED SUPPLIES

- > Blank sketchbook ($\geq 5 \times 7$ inches)
- > Metal ruler (≥ 18 inches)
- > Drawing pencils (2B, 6B)
- > Micro pigment ink pen
(0.8, 0.5, 0.1)
- > Scissors
- > X-Acto knife and #11 blades
- > Self-healing cutting mat
($\geq 9 \times 12$ inches)
- > Double-sided tape

STUDIO NOTES

- > Everyone is expected to wear a mask at all times when inside any UF facility, even if you are vaccinated.
- > Cell phones should be silenced before roll is taken.
- > Please eat before or after class or during the break—not during class.
- > Clean up after yourself.
- > Critique ideas, not people.
- > Always contribute with constructive criticism during discussions and critiques.
- > Be honest. Dishonesty in any form (lying, cheating, plagiarizing, etc.) will not be tolerated.
- > Exit quietly if you need to use the restroom—you do not need to ask.

The use of cell phones or other personal and group distraction sources (including social networking and entertainment sites, such as Facebook, YouTube, etc.) is completely prohibited during class time. Do not text in class. Anyone found texting during a critique will be asked to leave.

ZOOM NOTES

- > Keeping your cameras turned on during class is highly encouraged.
- > Leave your microphone muted when you're not talking.
- > Cell phones should be silenced before roll is taken.
- > Be mindful of background noise.
- > Limit distractions.
- > Prepare materials in advance.
- > Always contribute with constructive criticism during discussions and critiques.

ATTENDANCE

Attendance is required for this class. You can miss two class days without penalty. Two late arrivals (after class begins) or early departures (before class is dismissed or ends) equal one absence. All unexcused absences after the first two cost -5 points each from the final grade in the course. More than 6 absences of any kind – missing more than 3 weeks of class – equals automatic course failure unless we make documented accommodations in advance. To receive an “excused” absence, you must do one of the following:

- > notify me **before** class begins that you will not be able to attend class
- > notify me **after** class begins and provide official documentation of a university-sanctioned reason to receive an excused absence. Military service, varsity sports travel, and illness are common excused absences when documented by a written note from a commanding officer, coach, or doctor

Regardless of the type of absence, you are still required to complete assignments, so it is vital that you contact me as soon as possible to discuss your options.

It is your responsibility to keep track of your attendance record in Canvas.

Requirements for class attendance, make-up exams, assignments, and other work in this course are consistent with university policies. Along with more information on how UF assigns grade points, you'll find these by visiting: <https://catalog.ufl.edu/graduate/regulations/>

TECHNOLOGY REQUIREMENTS

Access to a computer/software and in-class use is required. Software and Hardware is listed under Required Materials. See this [website](#) for more details regarding hardware, software, specifications, and some purchasing options, including discounts for UF students. Because computer access is an institutional requirement, computer costs are designated as allowable costs for students who qualify for Financial Aid. Accordingly, Student Financial Affairs has added costs for access to a computer into budgets. For more information, contact your financial adviser in the Office of Student Financial Affairs directly.

GUIDELINES FOR CRAFT

Be able to answer yes to the following:

- > Are all corners cut square and sides cut straight?
- > Are the measurements correct?
- > Are the edges clean, no nicks cuts or dings?
- > Have pencil marks been erased?
- > Would I feel comfortable presenting this work to a professional in the field?

DEADLINES

All deadlines will be announced in class. All projects and exercises are due on the day and time given and will be considered late when critique has begun or after work has been called for. Late work is not accepted. Be sure to present your work on each critique session and show your progress. If you are absent or tardy it is your responsibility to obtain missed information from another student in the class.

If the reason for lateness falls under the excused absence list, illness or death in the family, there will be no penalty as long as work is completed by the new agreed upon date. However, students must always contact the instructor prior to the due date with an explanation for the absence.

GRADING & EVALUATION

Students will receive a detailed project sheet for each project outlining important dates, learning outcomes and evaluation criteria. Projects are due at the beginning of each class period on the assigned due date. **FAILURE TO MEET DEADLINES WILL AFFECT YOUR GRADE IN THIS CLASS.**

The final grade will result from:

- > **80% — SUM OF 4 PROJECTS**
(Project 1: 20% / Project 2: 20% / Project 3: 20% / Project 4: 20%)
- > **20% — PROFESSIONALISM**
(Exercises, quizzes, group presentations, attendance, participation, attitude)

* The project grade will result from: concept, form, craft, and presentation.

* Professionalism means that you bring requested supplies to class; complete and bring with you out-of-class assignments, sketches, books and notes; Provide constructive feedback during critiques and during group discussions; are prepared to discuss assigned readings; always act professionally, are punctual and meet project deadlines. Professionalism will also be evaluated individually for each project.

- > **TIMELINESS:** meet all final and intermediate deadlines. Arrive early.
- > **QUALITY / QUANTITY:** exceed the minimum, seek critique.
- > **INNOVATION:** seek difference, not similarity.
- > **COMMUNITY:** collaborate, listen and share.

GRADING SCALE

Grades will be assigned in accordance with University definitions; plus or minus indicate performance relative to the letter grade definition.

A | 100-95 A- | 94-90 B+ | 89-87 B | 86-83 B- | 82-80 C+ | 79-77

WHITE: All new and or used product in containers (hazardous or what might be perceived as hazardous -i.e. watered down gesso, graphite solutions, satellite containers of solvents, powders, spray paints, fixatives, oils, solvents, etc...) must be labeled within the SA+AH to identify their contents. Labels can be found at the MSDS box in each studio and work area. All containers must be marked with your name, contents and date opened. All secondary/satellite containers for hazardous materials must be marked with content, your name and the date opened. All unmarked containers will be disposed of with no notice.

YELLOW: When hazardous items are designated as waste. All containers must have a yellow label identifying the contents

that are designated as trash for weekly EHS pick up.

- > Flammable solid containers (red flip top) must have a yellow hazardous waste label on the outside.
- > 5-gallon jugs must have a yellow hazardous waste label on the outside.

NOTE: Hazardous Waste labels should include all constituents in the waste mixture as well as an approximate percentage of the total for that item and must add up to 100%. Labels should also include the Bldg & room # of the shop generating the waste along with the Waste Manager for your area; this is located on the SWMA sign posted at the sink or at the Waste Management Area.
