COURSE DESCRIPTION

In Concepts and Strategies, we will discuss the history of sculpture and the expanded field and highlight innovative contemporary ideas in sculpture. We will experiment with conceptual and hands-on approaches used by a diverse range of artists. This course will challenge students to critically examine various sculptural methods, analyze their own creative processes, and produce work utilizing these techniques. Participants in the course will focus on sculpture as it relates to post-studio practice, ephemeral art, interdisciplinary thinking, performance, and temporal site-specific art production within the realm of sculpture. The course is designed to be taken largely online to accommodate the limitations caused by the pandemic.

COURSE OBJECTIVES

- Gain an understanding of sculpture history and sculpture and the expanded field.
- Learn various techniques to make art outside of the parameters of the studio, and gallery space.
- Develop techniques to intervene and make work in a site-specific context.
- Become more ambitious in your research, conceptualization, and in the realization of your work.
- Gain a clearer sense of your own vision/approach to artmaking and understand how it relates to contemporary art and sculpture.
- To think critically about sculpture and contemporary art and to gain experience vocabulary verbally and in writing.

COURSE METHODS

This course will utilize readings, online lectures, screenings, class discussions, individual critiques, blog posts, and individual research related to course content. In our weekly seminar sessions students will have the opportunity to receive feedback from classmates and instructors. Students will show their work in progress throughout the semester in this forum. For critique it is expected that the work will be displayed in a finished condition as if it were installed in an exhibition open to the public. The strategies and forms of presentation are crucial for the appropriate reception of the projects.

COURSE GRADING

25% Project 1

25% Project 2

25% Project 3

10% Speed Assignments and Assigned Presentations

10% Written responses to readings and blog posts. Visiting artist written responses.

5% Participation in discussions, critiques, and clean-up. Being there on time and ready to work, read, discuss, and take part in class activities.

PROJECT GRADING

Project grading is based on the following criteria on sample grade sheet (below):

STUDENT NAME

SPACE	ASSIGNMENT #
Project Development and Ambition	
Concept: Overall Idea and/or Process Decisions	
Attention to Assignment	
Craft / Design	
Aesthetics	
TOTAL GRADE:	

Assigned projects should improve a student's ability to not only achieve project objectives, but also develop excellent problem-solving and research skills. New techniques and information will lead to innovation in your work so take risks and try new things. Clear and concise project plans, diagrams, and well-researched project statements for each project are expected and will provide a firm foundation for project development (and success).

LETTER GRADE DESCRIPTIONS AND NUMERIC DESIGNATIONS

A	A-	B+	B	B-	C+	C	C-	D+	D	D-	E	WF	I	NG	S-U
4.0	3.67	3.33	3.0	2.67	2.33	2.0	1.67	1.33	1.0	.67	0	0	0	0	0

Specific criteria for grading includes: adherence to the assignment parameters, research/studio practice, concept development, formal resolution, and craft/presentation. Late projects will not be accepted.

A 4.0 Exceptional work, all criteria of assignment have been surpassed in a distinguished manner and solutions to problems presented exhibit a depth of understanding. In addition, student is engaged in exceptional studio practice, which includes active research, looking up artists recommended, asking relevant questions about other artists' works or ideas, and being thoroughly engaged in the course content.

A- 3.67 Well-presented, superior work: all criteria of assignment were surpassed in a distinguished manner (including exceptional studio practice highlighted above). Minimal improvements could be made to the project overall.

B+ 3.33 Very good work: all criteria of assignment were surpassed, minor changes could be considered and executed to bring piece together and studio practice was exceptional.

B 3.0 Very good work: above average solutions and clear potential. Most criteria of assignment were surpassed with some improvements to be made. Execution was well done. Studio practice during the project was commendable.

B- 2.67 Good work: most criteria of assignment were met. Work showed promise with a few significant improvements to be made. Studio practice was adequate.

C+ 2.33 Slightly above average: work, most of the criteria of the assignment were met. The work is not yet a unified whole or cohesive statement, yet effort was made. Studio practice was adequate, but could be more reflective and thoughtful.

C 2.0 Average work: the assignment directions were followed and the requirements were met in a relatively routine way. Slippage in levels of craft, originality and presentation-studio practice was adequate, but could be more reflective and thoughtful.

C- 2.67 Slightly below average work: the assignment directions were followed and the requirements were minimally met, but there is much room for developing concepts further. The level of craft and breadth and depth of idea development needs to be improved. There is some evidence of studio practice, but the quality and quantity is lacking.

D+ 1.33 Below average work: an attempt to solve the problem was made, but there is much room for improving skills and developing your concepts further. The criteria of the assignment are barely met. Basic craftsmanship skills have been neglected and there is a lack of breadth and depth of idea development. There is minimal evidence of studio practice, but the quality and quantity is lacking.

D 1.0 Inadequate, below average work: the requirements of the assignment are not addressed. The execution of the work is careless and represents an incomplete effort. Work is substandard. There is little or no evidence of studio practice.

D- .67 Unacceptable work and effort: the requirements of the assignment are not addressed. The execution of the work is careless and represents an incomplete effort. Work is substandard. There is little or no evidence of studio practice.

E 0 Unacceptable work and effort: the work submitted is inadequate; the requirements of the problem are not addressed. The piece represents careless and/ or incomplete effort. No evidence of studio practice. Work is substandard. Or, assignment was not submitted.

UNIVERSITY ATTENDANCE POLICY

Please see **University of Florida Attendance Policies and criteria for excused absences** at: <https://catalog.ufl.edu/UGRD/academic-regulations/attendance-policies/>

If an absence occurs, it is the student's responsibility to make up all work. Students should check with the instructor or another student outside of class time when they miss a class (prior to missing the class if possible), as in- and out-of-class exercises are sometimes specially assigned. Students should bring a doctor's note for any class from which they expect to be excused.

COURSE ATTENDANCE POLICY

Please address any concerns, problems, and questions regarding this class to the instructor as they arise. Each student is allowed three unexcused absences during the semester. Late arrivals and leaving early will be marked as tardy. Critique days are important elements of class. You should only be absent on a critique day in cases of emergency. This semester an absence only occurs if you are not online and available to fellow students and instructor during class time. Attendance at all classes meeting times, critiques, assigned VAS lectures, and field trips is mandatory. You must work during scheduled studio times, or it is considered an absence. Please be here for class time.

Late arrival or early departure will count as an absence. 3 absences will result in a grade reduction of one letter grade per accumulation of three absences.

- Active participation is required for all sessions.
- Each student is allowed three absences during the semester. Save them for when they are needed.
- After three absences your participation grade and your project grades (see: project development in project grade rubrics) will drop.
- If you miss more than six class meetings, you will fail the course.
- Late arrivals will be marked tardy; leaving early will also be noted. Any three late arrivals or early self-dismissals will count as one absence.
- If you are more than 15 minutes late, you will be counted as absent. It is your responsibility to see that the record is corrected from an absence to a tardy if you are late.
- A missed class does not constitute an extension of an assignment.
- Attending class unprepared for a discussion, critique, workday, or presentation will be considered an absence. Students must come prepared to every class with proper attire (work shirt, pants, and closed-toed shoes).
- If you miss a class, please ask another classmate for information on the material we covered that day.
- It is vital that you are present on critique days. Missing a critique day is like missing an exam. You should only be absent in cases of emergency.
- If you are going to be absent, please contact me via e-mail prior to the class.

TARDINESS

Arrival to class after start of class will be noted and three such incidences will count as one absence. Leaving early from class will also be considered as tardiness and will be counted as such. Students are responsible for satisfying all academic objectives as defined by the instructor. Students who do not attend at least one of the first two class meetings of a course or laboratory in which they are registered, and who have not contacted the department to indicate their intent, may be dropped from the course. The university recognizes the right of the individual professor to make attendance mandatory. After due warning, professors may prohibit further attendance and subsequently assign a failing grade for excessive absences.

UF ILLNESS POLICY

Students who are absent from classes or examinations because of illness should contact the professor. If you are unable to attend class due to illness, please email the instructor prior to the class meeting time. Please state your name, class, as well as the reason you will not be attending class that day.

UF RELIGIOUS HOLIDAYS POLICY

Students, upon prior notification of their instructors, shall be excused from class or other scheduled academic activity to observe a religious holy day of their faith. Read the full UF policy here:

<https://catalog.ufl.edu/UGRD/academic-regulations/attendance-policies/#religiousholidaystext>

GUIDELINES FOR USE OF CAMPUS FACILITIES AND GROUNDS

Please make every effort to maintain the facilities and grounds of the School of Art and Art History, the College of Fine Arts and The University of Florida. Specifically, we ask that you follow these guidelines:

1. Do not mark, paint on or deface any interior or exterior of the school or college facilities. Take care to always use protective tarps, drop cloths or masking material when working with paint media or similar materials to protect the floors in public spaces such as hallways and classrooms. That applies also to the sidewalks walls, and grounds.
2. If a special project requires temporary modification to a wall surface or to the grounds you must obtain specific permission from your instructor prior to undertaking the project. The site must be returned to its original condition immediately following the project unless prior written permission has been obtained from the School of Art and Art History.
3. No art project may interfere with or impede access to, classrooms, hallways or other public spaces.
4. All site-specific art projects must be installed and engineered with the safety of the general public in mind.

5. Grades will not be issued for the project, or the class, until the project has been completely removed, and the site has been restored to its original condition. Failure to comply with these rules will result in disciplinary action, withholding of grades, the possible lowering of a grade, or failure of the course.

ADDITIONAL UNIVERSITY AND SAAH RESOURCES AND POLICIES

REGARDING COVID-19

Due to the surge in Covid-19 cases because of the Delta variant **all people, inside UF facilities are expected to wear approved face masks even if vaccinated.** UF also urges all people to get vaccinated <https://coronavirus.ufhealth.org/vaccinations/> Recent research and guidance from the CDC state that both unvaccinated and vaccinated individuals can transmit the current Covid-19 variant to unvaccinated persons.

- Follow your instructor's guidance on how to enter and exit the classroom. Practice physical distancing to the extent possible when entering and exiting the classroom.
- If you are experiencing COVID-19 symptoms <https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html> - please use the UF Health screening system and follow the instructions on whether you are able to attend class. COVID-19 testing remains available both on and off campus. Testing locations and schedules are available at <https://coronavirus.ufhealth.org/screen-test-protect-2/how/screen/#locations>.

Course materials will be provided to you with an excused absence, and you will be given a reasonable amount of time to make up work.
- Please maintain physical distancing (6 feet between individuals) during class.

***ONLINE POLICY**

Our class sessions may be audio visually recorded for students in the class to refer back and for enrolled students who are unable to attend live. However, a majority of the class will not be recorded. Vital info like for lectures and demos I will do my best to record. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate orally are agreeing to have their voices recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the "chat" feature, which allows students to type questions and comments live. The chat will not be recorded or shared. As in all courses, unauthorized recording and unauthorized sharing of recorded materials is prohibited. I will be very mindful to inform you about when recording is going on so you can take the appropriate measures. In most cases you can assume recording is not going on.

POLICY FOR IN-CLASS RECORDING

Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All

other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.

A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third-party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.

HEALTH AND SAFETY
