**COURSE DESCRIPTION**

Today, seeing everyday stuff in a new way by connecting items and using them in your artwork is the essence of collage. Collage is created with objects in time, place and context. Collage is not only an additive process. What we exclude is as important as what we include.

The scope of collage in contemporary art keeps expanding with every new technology and goes beyond the two-dimensional. Out of the invention of photography came "montage." Film editing led us to "suture." The ability to copy and reproduce type allowed artists to explore the relationship between image and text. The ability to duplicate objects and use already existing pictures and or things led to the practice of "appropriation", "assemblage", and "bricolage." Now digital media has opened additional possibilities for us to clone, composite, iterate and use generative processes.

This course will experiment with collage processes while embarking on a journey to understand how different technologies have impacted collage practice. Our assignments will reflect a historical progression. You will only be able to use certain existing materials during the advancement of the course based on the invention of given tools or technologies.

**PREREQUISITE**

No previous skills in any medium are required. This course is about applying tools and skills to develop and explore ideas at your current level.

**LEARNING OBJECTIVES**

Students who complete this course will be able to:

☑ Identify and demonstrate how collage strategies can contribute to the meaning of artworks by:
  
  - Utilise a variety of mediums, materials, approaches and processes.
  - Apply an understanding of both historical and contemporary implications of collage.
  - Connect possible responses to formal, visual and historical interpretations based on artistic choices.
  - Create using collage, montage, appropriation, assemblage, amalgamations and installation as aesthetic, formal and conceptual strategies.

☐ Students will gain skill in using collage as a visual method for responding to visual, social and cultural issues by:
  
  - Applying, testing and questioning collage processes used in their production.
  - Learning to analyse and critique works of art that use collage formally and conceptually.
  - Understanding the interplay between social, cultural and political prospects in the use of collage.

☐ Students will learn to position their work contextually within historical and contemporary approaches of collage by:
Exam their artworks critically to develop an individual and personal voice.
- Observe and investigate historical movements and historical and current artists working in
  collage.
- Form and articulate collage methods and viewpoints through developing artworks, course
  lectures, readings, research and collective brainstorming.

REQUIREMENTS
- Attending all scheduled classes
- Completing all coursework
- On-time completion of all assignments
- Participation in all class activities and discussions is necessary
- Sharing information and collaboration with others
- An effort to explore artworks and ideas beyond assigned work

LECTURES
- Introduction to Collage Concepts
- Montage & Suture Theories
- Originals, Replicas & Reproducibility
- Appropriation, Assemblage & Bricolage

ASSIGNMENT SUMMARY
- Collage: Imaginative Associations with Found Materials/Objects
- Montage: Lens Based Image Explorations of Framing, Editing, Sequencing
- Reproductions: Duplication, Replicas, Iterative Generative Modalities
- Appropriation & Assemblage: Readymades & Bricolage
- Group Critiques & Individual Feedback

ASSIGNMENTS
Assignment 1: Collage
The collage process is 2218 years old; it has been around since the invention of paper in China. The act of collage involves adhering pieces of paper and or other items made or found to the picture plane. The process of contemporary collage is one of learning to see everyday things in a new way. To see a new, we must make other connections between objects as we know them and how we can use them in your picture plane. Through contextualisation, meaning can change or shift.

In this part of the assignment, we will create five individual collages informed by our exploration of Javier Perez and Uğur Gallenkuş’ Instagram Series and the works of Romare Bearden, Raquel van Haver, Braque and Picasso, among other artists.

Guidelines:
- We will work using two-dimensional processes of drawing and or painting.
- No images from photographs, magazines or books may be used.
- No text of any kind may be used in this part of the assignment.
- Items used can be 2 or 3 dimensional and modified as you see fit.
- Glue or fasten natural and human-made of items to the picture plane.
- The collages could be individual works, or they can be thematically related or a series.
- Carefully select your subject matter with your new understanding of aesthetics in mind.
- Avoid drawing or painting items to use; look to other materials outside the conventional art materials.
Explore how materials can carry meaning. Make connections between materials and their potential to help communicate your ideas; for example, mirrors and foil paper have reflective qualities, like water. I could use foil or mirror in my painting as water and then use paint over it a translucent sheath to create the illusion of water. In this way, bottle caps painted black can be tires or, say, the bark of a tree can be the bark of a tree in my drawing, and so on.

Due Date: January 27
Grade Weight: 21.25 %

Assignment 2: Montage
Similar to collage, the process of juxtaposing or superimposing pictures onto the picture plane is “montage.” Montage came out of the invention of lens-based methods of photography & film.

In this assignment, we will create five montages informed by our explorations of Kaja Silverman’s Suture and Sergei Eisenstein’s montage theory. We will also keep in mind Ousmane Sembène process of “megotage” and the work of John Hartfield, among other artists we have studied. Please work using photographs only. Those interested in working with video or animation shorts are welcome to do so.

Guidelines
- No text of any kind may be used in this part of the assignment.
- Works should explore personal, social, cultural or political issues.
- Before starting, explore what you want to communicate in these works.
- How can you use the following methods "metric", "rhythmic", "tonal", "overtonal", "intellectual", or "suture" to further your concept?
- There are several strategies you could use to create montages; here are some to consider:
  - You could paste or glue items and other images to the background photo you are using, then re-photograph the final piece.
  - You may use a process of placing and then photographing items in or on additional photographs and then re-photographing the whole work.
  - Think of what visual qualities and conceptual methodologies we are using by re-photographing the artwork. Use the process to aid you in creating meaning.
  - You could use an approach that involves painting and drawing on photos and then re-photographing the final piece.

Due Date: February 24
Grade Weight: 21.25 %

Assignment 3: Reproduction
Technological advancements have transformed the production and consumption of art. Printers, photographs, copiers, factory duplication systems, rapid prototypers, digital media processes allow us to quickly and relatively easily reproduce multiples of any item.

Please choose one of your works from our earlier projects for this assignment. You will reproduce the work five times using the reproduction method of your choice. Then turn the reproductions into five different but related artworks using multiple mediums and approaches. This work should be informed by Walter Benjamin’s "The Work of Art in the Age of Technological Reproduction" along with our study of Ron Eglash’s "African Fractals: Modern Computing and Indigenous Design."
Guidelines

☐ What kinds of subject matter seems to fit this method of working?
☐ How does the process of reproduction affect your work, and how can you use it to your advantage?
☐ You can use some of the methods we have already explored in this class, among others, in your work.

Due Date: March 22
Grade Weight: 21.25%

Assignment 4: Appropriation & Assemblage

The process of re-purposing an already existing image and or object in art is called appropriation. Items used in this manner can be altered or used as they are. Using your knowledge of "bricolage" and informed by the works of Marcel Duchamp and Vanessa German creating readymades works. If you are working three-dimensionally, focus on creating a single piece. If you are working in two dimensions, produce a minimum of 3 sequential collage-based artworks.

Guidelines

☐ The selection of topics is up to you.
☐ You may appropriate images and objects or both.
☐ What does the size of the "appropriated" objects contribute to the work?
☐ How does a change of orientation or context affect the found and appropriated images and or items?
☐ What is the impact of the multiple viewpoints introduced by the materials into the work?
☐ How much does the artwork rely on understanding the history or utility of the appropriated images and or objects?

Due Date: April 19
Grade Weight: 21.25%

DOCUMENTATION & UPLOAD

• All work must be documented and uploaded to Canvas for grading in a single PDF document, no later than five days after every critique.
• When documenting your work, consider whether scanning or photographing is more suitable.
• If you are photographing, consider lighting and composition for this process.
• Do not include your feet, hands and flooring as part of the documentation. Learn to document your work professionally.
• For video & other media-based works, please provide the instructor with a file and upload a minimum of 3 video stills in a single PDF to canvas.
• Please do not submit lengthy explanations about the work. Create good documentation and work, then learn to trust the visual language and improve your visual vocabulary.

GRADING & SUBMISSIONS

• Grades in this course are earned and not negotiable.
• Allow two weeks of grading time for every assignment.
• DO NOT send emails asking about grades; notification is sent once grades are posted.
• If you get zero because you did not upload your work to Canvas, please do not email your justification for not doing so; UPLOAD THE WORK.
• All works must be documented and turned in electronically on canvas for grading.
• Please submit work as a SINGLE PDF (maximum 1 MB).
• Please do not include any explanations under comments with your uploaded work; that's why we have critiques.
• NO EMAILS of works will be accepted; please upload all work to Canvas.
• DO NOT upload your work until after crits.
• If you miss critique, you may NOT upload your work for grading until after it is critiqued or you and the instructor review the work; this is not a correspondence course.
• All course work may be improved and resubmitted for grade reconsideration until the last day of class. Resubmission may or may not result in a change of grade. The goal of redoing assignments is self-improvement, not just self-affirmation.
• If you encounter any difficulties with the University email account or canvas, please contact the helpdesk or call 352-392-4357 to remove issue.

SUPPLIES
Each artist will determine their materials for each assignment based on their particular projects. The following standard materials are recommended: Sketchbook, News Print Paper Pad, Drawing Board, Erasers (Mars Staedtler and Kneaded/Gum), Glue Stick, Glue Gun, Scissors, Xacto Knife & Blades.

EVALUATION
The purpose of grading is to help you understand your strengths and areas of improvement. To that end, you can rework and resubmit any assignment after critique and before April 19. Education and artistic growths are ongoing self-reflection and synthesis of learning, research and practice. Use this course as an opportunity to broaden the scope of your body of work. You can engage the instructor in how you can do so.

For more information see the University’s Grades & Grading Policies.

Letter grades will be assigned based on the criteria outlined below. Please note that grades will not be subject to discussion, negotiation, or bargained. Only course work may be discussed. You will be kept informed of your performance throughout the course and be allowed to improve on your work.

PLAGIARISM
Students are bound by The Honour Pledge, which states: "On my honour, I have neither given nor received unauthorised aid in doing this assignment." The Conduct Code specifies a number of behaviours that violate this code and the possible sanctions. Click here to read the Conduct Code. If you have any questions, please consult with the instructor.

Intentional plagiarism is defined as copying data, specific ideas, or another person's language (artwork) and representing it as one's own. Students may not present works and or ideas of another person (or source) in an assignment as their own.

In this course, plagiarism also includes:
- Having another individual do your coursework.
- Copying another person's ideas and artwork.
- Allowing another person to copy your work.
- Turning in work done for another class or previously made artworks.

LATE WORK
All late work will be subject to a daily deduction of 10% from the final grade received for the assignment. Work turned in after critique on the due date is counted as one day late (-10%).

ATTENDENCE & PARTICIPATION
Course attendance policies are consistent with University Guidelines. Marks are not assigned for attendance. However, a student with three or more unexcused absences may receive a failing grade for that course.

Participation
Participation is an integral part of a thriving studio community. Everyone must do their part. Participation by all class members is critical to the success of a studio course. This exchange should be an honest and ongoing dialogue between all participants throughout the course. Participation is evaluated based on quality and frequency of engagement.

Participation includes all of the following:
• Attending all scheduled classes
• Arriving on time to class meetings
• Attentiveness during lectures and instructions
• Being prepared and working in class
• Sharing ideas, concepts, creative exploration and conceptual development
• Cooperating in group projects and activities
• Analysing and offering opinions about work in progress and listening to and being an active participant in critique and discussions
• Consistency in a positive attitude and open-mindedness

Please note: Participation and will account for 15% of your final grade. The instructor will post 50% of the participation points halfway through the course. You may schedule a conference if you are earning below 70% of the possible points to get feedback on improving your performance.

Absences
Unexcused absences will result in a lower grade. Absences will be counted from the first class meeting onward. Acceptable reasons for absences include illness, serious family emergencies, judging trips, field trips, professional conferences, military obligations, severe weather conditions, religious holidays. In addition, participation in official university activities such as music
performances, athletic competitions or debates or court-imposed legal obligations must be excused. Other sound reasons may be offered and considered on an individual basis.

Lateness & Leaving Early
Attendance is taken at the beginning of each class in the form of a sign-in sheet. If you are not present at that time, you will be marked as absent. Leaving class early after signing in will be considered as an absence. Marks are not assigned for attendance. However, students with three or more unexcused absences will be given a failing grade for that course. If you know that you will be late or absent, please contact the instructor to take appropriate actions to keep your course work on track. Please note that lateness and absence will affect your participation grade.

ONLINE STUDENT EVALUATIONS
Students are expected to provide feedback on the quality of instruction in this course based on ten criteria. These evaluations are conducted online at https://evaluations.ufl.edu. Evaluations are typically open during the final two or three weeks of the semester. Still, students will be given specific times when they are accessible. Summary results of these assessments are available to students at https://evaluations.ufl.edu.

Your suggestions are always welcomed. Please let me know how the course can better service your learning and growth.

CONDUCT & BEHAVIOUR

What we do, affects other people on the planet, and what we do here will impact us.

Conduct
• The instructor will not tolerate disruptive behaviour and rudeness.
• Lateness and leaving before class is over will affect your final grade.
• Not attending class because you did not complete your work is not acceptable.
• Differences in opinion are welcomed under an atmosphere of mutual respect and civility.
• All correspondence to the instructor must be through canvas or University email.
• While working on a computer, you CANNOT do email, text, social media.
• The following conduct will lead to a loss of 5 to 10 participation points each time:
  • Not Attending Critiques & Lectures
  • Engaging in other Conversations during Lectures & Critiques

Electronic Devices
Checking your devices, including taking calls, texting, checking emails or social media during class, is disrespectful and unprofessional. Credible research evidence demonstrates having cell phones visible diminishes our ability to learn, and computer note-taking reduces the ability to process information. Checking texts, emails, and messages is unprofessional and disrespectful to our class community. Please put your phones away, do not check email, Facebook, text messages etc., in class.

Atmosphere
Our dialogues will explore some challenging issues to understand different perspectives. Some of our conversations will be demanding, and we may not always agree or understand each other. So we need to exercise patience, courage to speak honestly, rely on our imagination to empathise, and always respect one another's ideas and life experiences.

Effective learning and teaching are done in an atmosphere of creative exchange between class community members. Here are some thoughts and suggestions for cultivating community:
• Treat everyone as fellow artists; creatives need to work together to be successful.
• Be active listener who seeks to understand.
• Celebrate multiple perspectives and experiences that others bring to our community.
• Be responsible for your statements, actions, interactions, academic performance.
• Remain open-minded; accept that your peers and professor are all operating in good faith.
• Do be reactive to challenging feedback, give yourself time to consider it and reflect on your responses.
• Use every class session and interaction with peers to think about your future as a creative.

DIFFICULTIES WITH COURSE WORK
The instructor is here and ready to help you with any difficulties you may encounter that interfere with your abilities to successfully complete course. Please let instructor know immediately if you are having any challenges so that we can come up with a strategy together to mitigate your struggles. Please do not wait until the last minute or right before an assignment is due.

DISABILITY RESOURCES
Students who experience learning barriers can request academic accommodations through the Disability Resource Center. Students need to share their accommodation letters with their instructor as early as possible in the semester. So that instructor and student can discuss how best to accommodate the student. The instructor will make every reasonable effort to make course materials accessible. Click here to start pre-registration with the Disability Resource Center.

SCHOOL OF ART + ART HISTORY: ENVIRONMENTAL HEALTH & SAFETY
Each student must complete a Health & Safety STUDENT WAIVER FORM (available next to the copier in the SAAH office) or online (see address below). Waivers must be turned into the SAAH Director of Operations before the end of the 2nd week of classes. Because we use some hazardous materials as part of the electronic components that become part of our projects, please pay particular attention to the guidelines below. http://www.arts.ufl.edu/art/healthandsafety

Area Specific Information: Art + Technology

Hazards of Materials
Batteries, old monitors, lamps from digital projectors, if broken, may release mercury. THERE ARE NO KNOWN HEALTH HAZARDS FROM EXPOSURE TO LAMPS THAT ARE INTACT.

Best Practices
Though not much waste is generated, the Digital Media technician is certified for handling Hazardous Waste by the University of Florida. Please cross-reference with other area-specific information for installations or sculptural elements as needed.

Area Rules
• All users of the studio classrooms are expected to follow studio area rules at all times. If you have any questions, ask your instructor.
• Follow all SA+AH Health and Safety handbook guidelines (the handbook should be reviewed by your instructor and can be found at: www.arts.ufl.edu/art/healthandsafety)
• Follow the SA+AH Satellite Waste Management Chart in the classroom and other health & safety guidelines posted for your media.
• In case of emergency, call campus police at 392-1111
• File an incident report (forms may be found in the SAAH H&S handbook, the SAAH faculty handbook, and the main office.) Turn completed forms into the SAAH Director of Operations within 48 hours of the event.
• Alcohol is forbidden in studios.
• Familiarise yourself with the closest eyewash unit.
• No eating or drinking in computer the lab.
• Do not use spray adhesive in the studios or the building. There is a professional and safe paint spray booth in FAC-211A for your use.
• Shoes must be worn at all times.
• Protective equipment must be worn for hazardous work.
• Do not block aisles, halls or doors by storing items or work; this violates fire codes.
• Do not store anything on the floor; this impedes cleaning and creates a hazard.
• Installations must be removed as soon as possible after critique.
• Clean up spills immediately.
• Take items that do not fit into the trash to the dumpster and follow dumpster guidelines.

SA+AH CONTAINER POLICY
LABELS
There are 2 types of labels used in the SA+AH-- yellow and white. Both labels are found at the red MSDS box and are supplied by the SA+AH. Each is used for a different purpose.

White:
All new and or used products in containers must be labelled within the SA+AH to identify their contents. These include hazardous or what might be perceived as dangerous. Such as watered down gesso, graphite solutions, satellite containers of solvents, powders, spray paints, fixatives, oils, solvents, etc. Labels can be found at the MSDS box in each studio and work area. All containers must be marked with your name, contents, and date opened. All secondary/satellite containers for hazardous materials must be marked with content, your name and the date opened. All unmarked containers will be disposed of without notice.

Yellow:
• WHEN HAZARDOUS ITEMS ARE DESIGNATED AS WASTE, all containers must have a yellow label identifying the contents designated as trash for weekly EHS pick up.
• Flammable solid containers (red flip top) must have a yellow hazardous waste label on the outside (top).
• 5-gallon jugs must have a yellow hazardous waste label on the outside.
• Fibrous containers must have a yellow hazardous waste label on the outside (top).
• Each item in the blue bin must have a yellow hazardous waste label.
• Note: Hazardous Waste labels should include all constituents in the waste mixture and approximate two percentage of the total for that item and must add up to 100%.
• Labels should also include the Bldg and room number of the shop generating the waste along with the Waste Manager for your area, located on the SWMA sign near the sink or at the Waste Management Area.
UNIVERSITY POLICIES

Reading Days
The two days before the start of examinations in the fall and spring semesters, generally, a Thursday and Friday, are designated reading days. No classes or exams are held on these days. Instead, students are encouraged to use these days for study and review.

Twelve-day Rule
Students who participate in official athletic or scholastic extracurricular activities are permitted twelve (12) scholastic day absences per semester without penalty. In any case, it is the student's responsibility to maintain satisfactory academic performance and attendance.

University Illness Policy
Students who are absent from classes or examinations because of illness should contact their professors. Please email the teacher before class meeting time if you cannot attend class due to illness. Please state your name, course, and why you will not be attending the class that day.

Absences for Religious Holidays
Upon prior notification students, shall be excused from class or other scheduled academic activity to observe a religious holy day of their faith. Students shall be permitted a reasonable time to make up coursework covered in their absence. A student who believes that they have been unreasonably denied an education benefit due to religious beliefs or practices may seek redress through the student grievance procedure. https://catalog.ufl.edu/UGRD/academic-regulations/attendance-policies/#religionsholydaytext

Computer Use and Acceptable Use Policy
All faculty, staff, and students of the University of Florida are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. https://it.ufl.edu/it-policies/acceptable-use/acceptable-use-policy/

Disruptive Behaviour
Faculty, students, Administrative and Professional staff members, and other employees from now on referred to as "member(s)" of the University. Who intentionally act to impair, interfere with, or obstruct the University's mission, purposes, order, operations, processes, and functions. Shall be subject to appropriate disciplinary action by University authorities for misconduct, as outlined in the applicable rules of the Board of Regents and the University and state law governing such activities. A detailed list of disruptive conduct may be found at http://www.aa.ufl.edu/aa/Rules/1008.html

Recordings
Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable use is:
- For personal, educational use
- In connection with a complaint to the University
- As evidence in, or in preparation for, a criminal or civil proceeding
All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.
