# Marching Band Techniques MUE 4480-18012 Syllabus - Fall 2022

Time: M / W / F Period 5: 11:45am – 12:35pm

Class Location: SBH /MUB 147

Instructor: Prof. John M. Watkins, Jr.

Email: Watkins@ufl.edu

Phone: (352) 273-3152

Office: 107 Steinbrenner Band Hall

Office Hours: By appointment

# **Prerequisites:**

- Music Education major
- Successful completion of at least one semester of MUN 1110

## **Course Description:**

All of you are talented, skilled musicians and intelligent, well-educated individuals who will be a welcome addition to our profession. This course is designed to introduce you to the fundamental principles of effective instruction with respect to the contemporary marching band and to provide you with opportunities to practice applying these skills in learning how to prepare, organize, teach, and rehearse this type of ensemble. In addition, I hope that you will be challenged to examine your own expectations, aspirations and biases regarding the role of the marching band in music education. Through practical assignments, guest lecturers, and multimedia presentations, you will gain a command of the terminology, pedagogy, and structure of the marching band activity.

By the end of the semester, you will be able to:

1. Clearly articulate your philosophy of music education with respect to the marching band.

2. Display an understanding of the organization, administration and operation of a public-school marching band program.

3. Systematically analyze and evaluate marching band rehearsals and performances with respect to musical and visual components.

4. Design effective learning sequences with respect to movement as it relates to marching band.

5. Speak and write clearly and cogently; giving succinct instructions and direct positive and negative feedback.

6. Display an understanding of the concepts of marching band show design using both individual and computer assisted design software.

7. Display an understanding of the concepts of arranging for athletic bands, including voicings, copyright and clearance issues.

Specialized areas of study will include: Philosophy and Purpose, Organization and Administration, Lesson Planning and Teaching Strategies, Show Planning and Repertoire, Drill Design and Computer Charting Techniques, Auxiliary Groups and Sections.

SOFTWARE:

Pyware College Subscription, 6 months on your device, \$75.00

#### ADDITIONAL REFERENCE TEXTS:

Bailey/Cannon/Payne. *The Complete Marching Band Resource Manual*, Univ. Penn. Press, 2015 Ryder, Dan. *Techniques of Marching Band Show Designing*. Austin, TX: Dan Ryder Field Drills, 2000. Dunnigan, Patrick. *Marching Band Techniques*, 2<sup>nd</sup> ed.. Northfield, IL: The Instrumentalist, 2007. Smith, Gary E. *The System: A Marching Band Guide*. Savoy, IL: 11 Magnolia Court, 2015. Smith & Wolinksy. Marching Band Techniques. Schiffer, 2016 <u>ACCESSORIES:</u>

- 1. Flexi-curve, flexible-ruler, basic drafting tools
- 2. Large 3-Ring Binder notebook with dividers to organize all your materials

#### Procedures

All assignments must be organized, clear and neat. The nature of the marching band activity requires meeting deadlines; therefore, LATE ASSIGNMENTS WILL NOT BE ACCEPTED unless extraordinary circumstances exist. The course schedule allows ample time for completion of all assignments.

#### **Attendance Policy**

You must contribute logical comments, thoughts, and questions during class discussion and demonstrations. To adequately do this you should miss no more than three classes *for any reason*. Each absence beyond three will result in a grade reduction of one letter. You must be on time for class due to the nature of assignments and information

#### **Activity Summary**

- 1. Complete assigned readings in text and other sources and submit brief summaries displaying your understanding of the material presented.
- 2. Complete observations of three different high school marching band rehearsals, providing a written summary per the Observation Guide (attached).
- 3. Design a handbook for your own ideal band program.
- 4. Design instructional sequences and present teaching demonstrations for a variety of marching fundamentals from your handbook through a series of teaching rounds, including lesson plans.
  - Throughout the semester the student will teach a variety of fundamentals (stationary, moving and combinations) to other students. Lessons will be recorded for self and teacher evaluation with respect to accuracy and organization of presented information, feedback, and peer-student achievement. Videos and self-assessments will be submitted at specific due dates throughout the semester.
  - Lesson plans must be submitted prior to each round and will be evaluated as to completeness, accuracy and achievement.
- 5. Demonstrate an understanding and competency of quality audio/visual programming for the marching band by presenting accurate and succinct analyses of marching band and drum corps shows.
- 6. Demonstrate an understanding and competency of arranging music for athletic bands. Students will prepare and submit an arrangement of a song of their choice for a standardized instrumentation.
- 7. Demonstrate an and competency of charting concepts by preparing and presenting charts designed by hand.

- 8. Demonstrate your and competency of charting concepts and competency in technology using Pyware charting software.
- 9. Prepare and present a logical dissection of marching band music into appropriate phrasing and motion.
- 10. Prepare and present an in-class show design project, including instruction, using the students in the class.
- 11. Successfully complete a Practicum as assigned; completely planning a full-band marching band trip.
- 12. Meet criterion on written examinations concerning topics covered in class and homework

**Independent Scholarship Project:** Only students who meet all the criteria for a grade of B (see Grading Criteria below) may submit an Independent Scholarship Project. This project is unique as you will will have total control over the size and scope of the project. To qualify for a grade of A, the project must include printed musical score(s), flow charts, drill charts, a sample coordinate sheet, as well as an electronic file of animated, computer generated drill. You are free to select music, size of ensemble, instrumentation, number and type of auxiliary personnel.

NOTES: Any assignments(s) may be changed with my prior approval. If you are able to demonstrate your knowledge of the material, do not waste time with busywork. All assignments must be completed and submitted on the printed dates in order to receive credit. No incomplete grades (X) will be given for any reason.

Grade Criteria:

- A Satisfy all criteria for B plus Independent Scholarship Project
- B Written course requirements completed with competence and accuracy *and* all criteria met with demonstrated competence on 5 of 5 teaching assignments
- C Written course requirements adequately completed, *and* all criteria met on 4 of 5 teaching assignments
- D One or more written course requirements not adequately completed, *and* all criteria met on 4 of 5 teaching assignments
- F One or more written course requirements not completed *or* failure to meet all criteria on any 2 of videotaped in-class teaching assignments

## See above for Attendance Policy and its relationship to the final course grade.

## **Academic Honor Policy**

It is expected that you will exhibit ethical behavior concerning your work in this class. Students are expected to do their own work, use their own words in papers, and to reference outside sources appropriately. Failure to uphold the standards of academic honesty will result in the appropriate disciplinary action. As a result of completing the registration form at the University of Florida, every student has signed the following statement:

"I understand that the University of Florida expects its students to be honest in all their academic work. I agree to adhere to this commitment to academic honesty and understand that my failure to comply with this commitment may result in disciplinary action up to and including expulsion from the University." We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.

Furthermore, on work submitted for credit by UF students, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment."

#### Students Requesting Accommodations due to Disabilities

To request classroom accommodations, contact the Assistant Dean of Students/Director of the Disability Resources Program at P202 Peabody Hall or call 392-1261 (V), 392-3008 (TDD). That office will provide documentation to the student who must then provide this documentation to the Instructor when requesting accommodation.

#### **Course Evaluations**

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at https://gatorevals.aa.ufl.edu/students/. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via https://ufl.bluera.com/ufl/. Summaries of course evaluation results are available to students at <a href="https://gatorevals.aa.ufl.edu/public-results/">https://gatorevals.aa.ufl.edu/public-results/</a>.

## **COVID-19 Policies**

We will have face-to-face instructional sessions to accomplish the student learning objectives of this course. This class will follow all current policies and requirements to maintain your learning environment and to enhance the safety of our in-classroom interactions. Caveat: Scheduled discussion topics may change during the semester as guest speakers are available.
