STUDENT PROGRESSION IN BALLET DANCE TECHNIQUE:

This information addresses the standards utilized by the dance area for assessing student progression through four levels of ballet. The program's approach to ballet is in context to the UF BFA degree program, relying on traditional training standards along with the awareness of the stylistic and technical diversity of the UF dance program. Using the objectives stated in this syllabus, the dance program assesses student progress through four levels of ballet dance technique. Students are graded and considered for the next level according to their achievement of the criteria as determined by their instructor. Due to the nature of both traditional balletic training and balletic levels in the UF program, receiving the final grade of "A" does not insure progression to the next level.

Please Note: Our work in the studios is designed to be challenging; physically, intellectually, and emotionally. Dance classes often involve touching. Physical contact may range from simple touch to correcting alignment. Students may also be asked to experiment with exercises that involve weight exchange. If you have a related medical consideration or touch is uncomfortable or triggers trauma, please notify the instructor at the start of the semester via e-mail or personal meeting.

Course Objectives for Ballet Technique

SoTD's ballet technique curriculum is designed to focus the intellectual and physical abilities of students—majors, minors, and non-majors—to embrace the demands of the 21st century artist. Each of the three levels builds the required historical, aesthetic, and biomechanical foundations for graduating as a major in our dance degree programs. Likewise, the minor or non-major must recognize the classes as a pre-professional training ground by meeting the objectives at the appropriate level. When every student brings into every class their discipline and motivation, they will be ready to meet and greet the following goals common to each respective level of technique:

CONTEMPORARY BALLET PRACTICES 1 COURSE OBJECTIVES*:

- To instruct you in classical ballet technique while engaging with the established vocabulary in addition to utilizing somatic and conditioning practices to enhance body awareness.
- Acknowledge the related history to the aesthetic foundations of ballet that originated in the ethnic cultures of European countries and developed through the hierarchical structure of royal courts to the evolution of ballet culture in present day.

- To establish a consistency of daily studio practice and towards using ballet class progression to build a basis for building your technique.
- To approach all training, practice and performance from an anatomically knowledgeable and core connected standpoint, especially in the application of rotation (both parallel and outward).
- Build musical, rhythmic, phrasing, and spatial skills suitable to the technique and style of ballet.
- Initiate the process of connecting theory and technique to a basic level performance aptitude.
- Create an environment to test and improve the student's physical aptitude in ballet technique.
- Enhance aesthetic and practical appreciation of the work behind this exacting and exciting art form.
- To develop and practice absorbing new material quickly and to perform combinations with attention to technique.
- Develop an appreciation of the theory, criticism, and aesthetic behind this exacting yet exciting art form.

* Due to the nature of the UF ballet training program, the student entering Level 1 should have already established certain a level of proficiency as determined either by audition for entry into the BFA program or for non-majors can be determined by placement classes.

DRESS POLICY:

- Women: Form fitting dance attire or leotards and tights with soft ballet shoes (on Zoom) and socks in the studio. Please speak to the teacher about individual needs and if you are interested in taking class en pointe.
- Hair should be worn neatly out of the face, i. e. ballet bun or twist.
- Men: Close fitting T-shirt/tank top with leggings, bike shorts, or yoga pants. Tights may be work (with dance belt) but are not required. Ballet shoes on Zoom and socks in the studio.
- Colors are at the student's discretion but should reflect a respect of balletic values.
- No warmers unless they are form fitting. All warmers must be removed following warm-up. You may wear a ballet skirt or belt for alignment.
- No oversized clothing. You don't work on what you don't see.
- Your ankles must be visible.
- No large jewelry, including all non-stud earrings, necklaces & watches.
- No chewing gum.

COURSE POLICIES:

ATTENDANCE

For classes that meet two times a week:

- Students can take 2 absences with no documentation and no penalty.
- If the third absence is unexcused, it will result in 5% deduction from the final grade.
- Excused or unexcused, on the third absence, a meeting is required with the instructor and/or area faculty to assess the student's continued participation in the course.
- If the fourth absence and all subsequent absences are unexcused, each will result in an additional 5% deduction from the final grade.
- Requirements / opportunities to make up missed material for unexcused absences is up to the instructor's discretion and may be made available through virtual classes or online assignments. **Communication is important.**
- Tardy Policy: You are late after role has been taken/class has begun. Points will be deducted for being late or leaving early for any reason. There will be a 5-minute grace period. Three tardies for regular class meetings equal 1 unexcused absence.

MAKE-UP POLICY:

- You are responsible for all material covered during any absence
- There are no makeup options for unexcused absences
- Absences from Written Exams, Quizzes, Mid-Terms, and/or Finals may only be made up with approved documentation
- To earn credit (amount of credit determined by the instructor) for an excused absence you must do two things:
 - 1) Immediately after your return to class, turn in approved/legal documentation to instructor. If you need the original documentation, the instructor will accept copies.
 - 2) Make-up the class with an approved assignment submitted on the required date. If the assignment is to attend another class as a make-up, it must be the same technical level, or lower in any genre; student must request permission of that instructor.

UF Absence Policy The requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies. Please click the following link for details: <https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>

Additional circumstances listed below in which course materials will be provided to you with an excused absence and you will be given a reasonable amount of time to make up work.

ESSENTIALS FOR ACHEIVEING TECHNICAL APPTITUDE:

These aspects of technical development are divided into six (6) categories and are the basis both for grading and for any consideration toward promotion to a higher ballet technique level:

- **PLACEMENT AND ALIGNMENT** - *A priority is placed on alignment, which includes an awareness and integration of skeletal structure in shaping the body in place and in motion, to efficiency of movement, but reduce, if not eliminate, the potential for injury. This intrinsic understanding should be evident in all exercises: barre, center, and phrase work.*
- **CORE SUPPORT AND CONDITIONING** - *Coupled with developing a proper sense of alignment and placement as applied to dance (and life) is a separate and equal area referred to as Core Support/Strength. It is necessary to list it as its own category to emphasize its importance to movement and promote awareness of its connection to the safety of the individual as they move through various positions and as applied to ballet technique. Development of strength to safely perform movements that require weight bearing on arms, including inverted movements. Conditioning is included in this section to insure that strength is not over emphasized and that the student finds a personal practice that enforces this aspect of their training.*
- **APPLICATION OF ROTATION - STATIONARY AND LOCOMOTOR** - *Essential to the healthy development of ballet (and general dance) technique is the full awareness of correct personal anatomic alignment in relation to parallel and outward rotation which includes hip socket, knee and ankle for the lower body and spine, ribs, shoulder girdle, head and neck for upper body.*
- **SPATIAL AWARENESS AND FULL BODY INTEGRATION** - *Necessary to the training of a ballet dancer is the understanding of the movement of the body as a unit, and in relation to specific body parts (upper and lower body halves, and right and left body halves in motion), as well as a sense of spatial awareness as they relate to the movement of the body through classically defined positions.*
- **RHYTHMIC CLARITY/MUSICALITY** - *A student's progress through the technique sequence should also yield both a practical and intrinsic understanding of how rhythm and musicality are applied to an exercise, a phrase, and dance performance. Musicality is the ability to perform movement phrases informed by music and as regulated by the choreography/classical repertoire. Rhythmic clarity is the ability to understand the relationship of the moving body to time.*
- **PROFESSIONALISM** - *Student demonstrates a mature artistic sensibility while cultivating their artistic aptitudes. The importance of attendance is emphasized and part of the final grading process, as noted in the syllabus.*

EVALUATIONS AND GRADING:

Midterm Feedback and Evaluation occur during the class. You will be observed by the instructor and perhaps other members of the dance faculty. Grades will be assigned based on the technical proficiencies listed above. For the BFA major, application of your technique work to concert/performance work will be factored into your technique grade.

GUIDING CONCEPTS

These following general concepts are applied to all areas of technical development and used by faculty to assess student progress:

“Self Awareness and Ensemble Skills

The student demonstrates an ability to retain an awareness of self while integrating their movement into spatial relationships with other persons and groups. The student should also demonstrate clarity in three-dimensional movements and an ability to sustain directionality in exercises and in phrases of substantial length.

Transitional Skills (Continuity of Flow)

Exercises should be performed with an understanding and dynamic use of different types of phrasing. Students should demonstrate an ability to sequence a variety of movements into an extended phrase: recognizing and moving through transitions and demonstrating follow-through of movement impulses as appropriate.

Performance Quality (Dynamic Awareness)

Each instructor will provide the class with specific movement and performance goals that delineate for the student: suitable use of energy, range of dynamics and movement qualities, the images or mind-set to evoke expressive and/or stylistic qualities and functional details

DANCER WELLNESS GUIDELINES:

The Dance Wellness Program (Located in McGuire G-9), available to Bachelor of Arts or Bachelor of Fine Arts students in the areas of Dance or Musical Theatre, provides the artists, performers, and dancers with the utmost quality health care. Through collaborative efforts of the healthcare team (including athletic trainers, physicians, nutritionists, and physical therapists), Dance and Theatre students receive holistic care including prevention, diagnosis, treatment, and rehabilitation for injuries and illnesses sustained as part of their degree program. The Dance Wellness program offers a positive and inclusive environment that promotes overall wellness for the student as both a performing artist and person.

Highlights of the Dance Wellness Clinic include:

- • Collaboration between College of Health and Human Performance (Doctor of

Athletic Training Program), Student Health Care Center Providers (Sports Medicine and Acute Care Clinic), and School of Theatre and Dance

- Services offered by the Athletic Trainer (certified and licensed healthcare provider) within the Dance Wellness Clinic are available at no cost to you!
- Clinical services include movement and flexibility screenings, support with psychological well-being concerns, nutritional concerns, concussion injury, sprains, strains, chronic muscle tightness, therapeutic intervention techniques (e.g., electrical stimulation, massage, heat), therapeutic exercise, and patient education
- Repository of information available within Canvas for students (e.g., nutrition, sleep, over-the-counter medications, injury prevention)

SECTION 6: HEALTH AND WELLNESS

- A safe space for students to learn more about anatomy, to take responsibility for and to respond to their bodies/injuries, and to increase their health literacy

Guidance for Non-Emergent Injury or Illness

- If you feel sick or unwell, please stay home and reach out to your Athletic Trainer via the secure message portal of the ATS Documentation System or via your University of Florida email. Please do not come to the Dance Pavilion, your Athletic Trainer will guide you regarding your plan of care.
- Artists within the Dance BFA and BA and Musical Theatre BFA programs may utilize the Dance Wellness Clinic services once they complete the necessary pre- participation

paperwork (available within the ATS Documentation portal). Annual submission of health history, consent to treat, and financial responsibility forms allow our Athletic Trainers to support your wellness needs.

- Artists do not incur an expense associated with care received within the Dance Wellness Clinic; however, insurance co-pays and/or out of pocket expenses may occur when an artist sees a provider outside of the Dance Wellness Clinic (e.g., referral to Student Health Care Center physicians for x-ray, bloodwork, etc.).
- When the athletic trainer is not onsite/available in the clinic, the Sports Medicine and Acute Care Clinic at the Student Health Care Center is available to you!
- Website: <https://shcc.ufl.edu/services/specialty-care/smac/>
- Location: Room 101 in the Student Health Clinic on campus, 1st floor, Infirmary

Building, 280 Fletcher Drive.

- Phone Number: (352) 294-7345

SECTION 6: HEALTH AND WELLNESS

- When you call, please indicate that you are a Dance or Musical Theatre Major and provide information on the severity of your injury. Please inform your athletic trainer, professors, choreographers, and/or directors/stage manager of your participation status to ensure appropriate accountability regarding time loss or impact on classes/rehearsals/performances.

Emergent Issues and Critical Incidents

For emergent conditions, please contact 911 and follow the Emergency Action Plan procedures posted on the Dance Wellness Clinic door (G9). Please notify your athletic trainer if you seek care outside of the Dance Wellness Clinic so they may support you during your recovery. Artists who require emergent care for conditions such as heat illness, concussion, cardiac events, and/or other serious issues will require physician clearance prior to returning to dance/theatre activities. Please communicate with your athletic trainer to ensure appropriate management of critical incidents.

Participation Restrictions and Faculty Communication

- For your safety, the athletic trainer may offer modifications and/or restrictions to dance activities to support your injury/illness recovery. If you have participation status changes related to an injury, your Athletic Trainer will provide participation guidance to your faculty through a weekly "Wellness Update". Artists should not participate beyond the level deemed safe by the healthcare team and should communicate with their faculty, choreographers, directors, and other class, rehearsal, and/or performance personnel as appropriate.

- In some situations, the Athletic Trainer may determine the artist should receive additional care/services outside the Dance Wellness Clinic to appropriately manage their injury/illness (e.g., concussion, heat illness, lack of progression with chronic injury/second opinion for an injury, traumatic acute injury, etc.). In these circumstances, a dancer must follow the limitations set in place by the physician and will not receive FULL activity clearance until the physician (or designated provider) provides written clearance. Financial responsibility for services and/or care (e.g., radiology/imaging, physical therapy, etc.) received from a referral outside of the Dance Wellness Clinic is the sole responsibility of the artist. Artists should provide documentation from outside providers to the athletic trainer via the ATS Documentation Portal (electronic upload) or via hard copy at the next appointment.
