OBJECTIVES:
The purpose of this class is to develop advanced techniques in drawing and rendering for the stage by combining traditional approaches with computer aided applications.
The class also prepares students to present and discuss their work, as they will do in a professional situation.
Class time will be used also to identify strengths as well as areas for improvement in order to broaden and refine individual abilities.

PROGRAM OUTCOMES:
This course addresses the following program outcomes:
1. developing skills necessary to efficiently communicate conceptual and design ideas by using hand drawing and rendering as well as computer rendering applications.
2. Providing students with training that will enable them to create efficient and professional renderings for their design work in the practical production program.

LEARNING OUTCOMES:
After completing this course, students should be able to:
1. Produce faster ad in a professional manner sketches and renderings for their design projects.
2. Translate with ease conceptual ideas into 2D visual representations.
3. Communicate ideas through sketches and renderings.
4. Collaborate and communicate with the other members of a design team.

The use of cell phones or other mobile devices is disruptive, and therefore is prohibited during class. Except in emergencies, those using such devices must leave the classroom for the remainder of the class period. Students using the computer for work not related to the class must leave the classroom for the remainder of the class period.

**ONLINE COURSE EVALUATIONS:**

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at https://gatorevals.aa.ufl.edu/students/. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via https://ufl.bluerca.com/ufl/. Summaries of course evaluation results are available to students at https://gatorevals.aa.ufl.edu/public-results/.

**HONESTY POLICY:**

UF students are bound by The Honor Pledge, which states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.”
The Honor Code (http://www.dso.ufl.edu/sscr/process/studentconduct-honor-code/) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor.

**CLASS DEEMANOR**
Students are expected to arrive to class on time and behave in a manner that is respectful to the instructor and to fellow students. Please avoid the use of cell phones. Eating is not allowed during this class. Opinions held by other students should be respected in discussion, and conversations that do not contribute to the discussion should be held at minimum, if at all.

**STUDENTS REQUIRING ACCOMMODATIONS:**
Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the disability Resource Center. It is important for students to share their accommodation letter with their instructor and discuss their access needs, as early as possible in the semester.

**IN-CLASS RECORDING:**
Students are allowed to record video or audio of class lectures. However the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connections with a complaint to the university, or (3) as evidence in, or preparation for a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor. Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class session. Additionally, a recording, or transcript of a recording, is considered published if it is posted or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Disclaimer: This syllabus represents the instructor’s current plans and objectives. As we go through the semester, those plans may need to change to enhance the class learning opportunity. Such changes, communicated clearly, are not unusual and should be expected.

DUE DATES:
Projects are due at the start of class time and will be critique during the session. Failure to have a project ready on time reduces the effectiveness of the class meeting and it will affect its grading. If you foresee a need for extra time on a project, bring it to my attention and a possible extension will be considered. Students who do not gain approval for time extensions will have their projects graded as late and are subject to reduction of one letter grade for each session that is late. If a project is more than two session late without approval it will be regarded as a failure.

Late work will be reduced by one letter grade per day.

**NOTE:** Any project for which no work is submitted will be deducted from the final grade at a rate of four times the assigned percentage value above, e.g., a project weighted as 10% of the grade will result in a deduction of 40% of the final grade, 15% at 60%, 20% at 80%.
It is not possible to pass this class without submitting work for each assignment.

**CLASS PARTICIPATION:**
You are expected to engage in class discussions. The quality of the feedback you give and the way you receive constructive feedback during class presentations will be graded.

NOTE: Any project for which no work is submitted will be deducted from the final grade at a rate of four times the assigned percentage value above, e.g., a project weighted as 10% of the grade will result in a deduction of 40% of the final grade, 15% at 60%, 20% at 80%.

It is not possible to pass this class without submitting work for each assignment.

This syllabus is subject to change during the semester.
PROJECTS AND CRITICAL DATES

PROJECT #1 DUE DATE: SEPT. 14

Set Design Majors: Recreate one of Adolph Apia’s (or another major set designer) renderings by using a different color scheme and choosing different two-point perspective for your rendering.

Lighting Majors: Use SketchUp to recreate one of Adolph Apia’s (or another major set designer) renderings.

Costume Design Majors: Create six costume design renderings based on research from the Gothic period.

PROJECT #2 DUE DATE: OCT. 3

Set Design Majors: Using visual research, create a color rendering of a Gothic inspired, two levels interior space.

Lighting Design Majors: Recreate in SketchUp a set design for The Greek Tragedy Oedipus. Refine the 3D SketchUp rendering in Lumion and Photoshop by adding light, texture, color, and characters.

Costume Design Majors: Create six costume renderings, based on research from the Baroque period.

PROJECT #3 DUE DATE: NOV. 2

Set Design Majors: Use the renderings from Projects # 1 & 2. With the use of Lumion and Photoshop, add details, characters, texture while also refining the color harmony.

Lighting Design Majors: Take the model created for Project #2 and, using Lumion and Photoshop, storyboard four of the most dramatic moments of Oedipus.

Costume Design Majors: Create four Victorian costumes and use Concepts and Photoshop to enhance their quality (adding details, background, texture, and manipulating the color scheme).
PROJECT #4  DUE DATE: NOV. 30

Set Design Majors: Using Lumion and Photoshop create three different looks (storyboard with light in mind) for each of your Gothic and Baroque interiors.

The Lighting Design Majors: Storyboard three major moments of a play on a given set rendering.

Costume Design Majors: Students will pick six of their own costume renderings created by hand during this class and, through the use of Photoshop and Concepts software, enhance their quality (adding details, background, texture, and manipulating the color scheme).
